7.1.9: Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

SSET enlightens the students and employees about constitutional obligations regarding citizens' beliefs, rights, duties, and responsibilities, by empowering them to act responsibly as citizens. We equip students with the knowledge, skill and values that are necessary for sustaining one's balance between a livelihood and life by providing an effective, supportive, safe, accessible and affordable learning environment.

Every year on 26th November, we celebrate **Constitution Day**. It marks the Constituent Assembly's adoption of India's Constitution post-independence and the Preamble is read aloud in class to encourage student's comprehension of their constitutional rights.

Every year on January 23rd, the SCMS Group of Institutions honours our founder, Dr. G.P.C Nayar, as "**Founder's Day**" with a day-long celebration that includes a cultural extravaganza, and we disperse after dinner. With utmost respect we have been organizing the "Dr. Pradeep P Thevannoor Commemorative Annual Lecture Series" since 2019 on the same day. In 2022, SCMS School of Engineering and Technology hosted the 8th edition of PPTIA as a 24-Hour Hackathon, now (2023) in its 9th edition, was established to recognize the most socially relevant and commercially viable innovative ideas among school and college students across the country.

SSET's **NSS and H2O** units gears up many activities and projects to instill constitutional obligations among students by enriching their values, rights, duties and responsibilities as citizens. There are several activities initiated like Punarjani (repairing the damaged and out-of-use furniture and other health-care facilities at government hospitals across the State), visit to old age homes, orphanages, nearby government school's upgradation. Flood Relief Work-Electrification work (The technical skills of students were used in a productive way to produce great results), Thai Veru (more than 50 bamboo saplings were planted at Konnakuzhy in Pariyaram Grama panchayat near Athirapilly), Make My Floor (post rehabilitation works in Santipuram Divine colony after the devastating floods).
