SSET Campus Management System - Linways

SSET CMS is a complete solution for managing entire activities on the campus. It is a fully hosted effective and innovative learning management system which provides centralized and automated administration.

Admin Module

- The Administration module is designed to manage the system from a central menu, providing facilities for changing configurations or general settings and generates login credentials for Faculty, Student and Parent .
- The Admin can create new users and assign them new privileges. This module provides facilities for Managing Department, Batches, Faculty – Subject mapping, Time table creation, Holiday declaration, Managing Examination etc.
- Admin module allows you to conduct evaluations for both faculty and college and generate reports of all the feedback.

Faculty Module

- The Faculty module is for managing entire academic activities like attendance, assignments, exams, distributing course materials, conducting online quizzes, generating course files etc.
- The module analysis and generates reports of all activities.
- Faculty can obtain details of his/her working hours, attendance, leaves, appraisal/achievement etc.

Student Module

- The Student module helps students to organize their academic activities. The module alerts the students about exams, assignments, holidays etc.
- The module contains an academic calendar and a Notification menu for alerting students about exams, assignments etc.
- From this module Students can perform online quizzes created by faculties.
- Student module is integrated with the library module, so students can explore from their own portal.
- Placement information will also be available in the student module, they'll get notification of placement events, they can participate in training, aptitude and technical quizzes etc.

Parent Module

- The Parent Module is designed to monitor student's academic activities like attendance details, performance in exams both in University and Internal exam, events occuring in the college, placement details etc.
- The Parent will get notification through SMS/Email about PTA Meetings, student Exam marks, student attendance details etc.

Examination Management Module

The Examination Management Module is for organizing the whole procedure in an automated way.

- The module simplifies exam time table creation, seating/hall arrangement, invigilation duty assignment, additional sheets and student attendance management etc.

Library Module

- This module manages External digital library with subscribed and general e-resources, Internal digital library for e-books and previous year question papers and the Periodicals
- This module helps to track, retain and store all issue and renewal details of all the books and materials in a library.
- This module generates fine receipts for fines paid on the late return of books borrowed from the library.
- This RFID tag is integrated into the library management system making the tracking of books easier and ensuring the smooth interface of the library with the library management system.

Fee Module

- **Linways** Academic **Fee module** supports multiple payment methods. Make use of online transactions, record cash payments, generate receipts etc.
- Set recurring fee headers like hostel fee, transportation fee, canteen fee etc. to automate and streamline the fee collection.
- Create various concessions and scholarships in addition to regular fees for better overview.
