Dear Varun,

Greetings from Infosys!

With the large-scale digital adoption of new-age technologies, QA services are not only limited to agile, shift-left, and automation-led delivery but are also driving the business levers of companies. It is transforming QA from mundane existence to an innovation engine. In addition, pandemic has accelerated the pace of digital transformation, making QA services integral part of Software Development Life Cycle in true sense. In this improved environment, spend of enterprises on emerging QA services such as AI/ML, Cloud, RPA and Customer Experience is increasing exponentially, exhibiting convergence of QA spend with overall development spend. As a result, companies are offering industry-leading compensations to QA talent. This is boosting the morale of QA industry overall and making it more resilient than ever.

Join us for yet another insightful session of Knowledge Hour with Infosys, where our leaders will talk about –

"Impactful careers in the futuristic technology-based Quality Assurance Industry"

Date: 12th August 2021

Time: 6:30 PM – 7:30 PM IST

Speakers List -

Shalini Chaudhari - AVP and Senior Industry Principal, Validation Solutions, Infosys

Krishna Seshadri - Delivery Manager, Validation Solutions, Infosys

Priya Ghosh - HR Business Partner, Validation Solutions, Infosys

Ravi Lakkaraju - Delivery Manager, Validation Solutions, Infosys

Join us for the live session to know more about:

- Digital transformations leading to change in Quality Assurance Industry

- Impactful career opportunities in QA domain

- How technologies such as cloud-native, big data, IoT, and AI/ML are driving the current QA investments

- Next set of future technologies such as blockchain, AR/VR that will drive the next leg of QA investments

- How Infosys is pushing barriers in QA market with its investment in R&D, talent development, and QA live labs.

We will go live from the main Infosys Page - https://www.linkedin.com/company/infosys/mycompany/

Please note that no further link will be shared to join. At the designated time, students are requested to visit the Infosys LinkedIn page. The session will start streaming live on the page at 6:30 PM IST.

Please note:

1. We encourage participation from all the batches at your Institution to make the most of this opportunity.

2. Students need to have a LinkedIn account to be able to attend the session.

3. Lastly, we urge students to follow the Infosys page on LinkedIn to stay updated about Company news. Click here for the same.

Please feel free to reach out to us in case of any queries. We look forward to active participation from students and thank you for your continuous support in strengthening our association!

Warm Regards,

Dear Professor Varun,

Greetings from Infosys!

The wait is finally over as we are back with the fourth edition of HackWithInfy in India.

Hackwithinfy is a coding competition for B.E./ B.Tech/ M.E./ M.Tech students graduating in the year 2022 across India. The program is specially designed to inculcate the culture of rapid problem-solving and innovative thinking early in academic life.

To students passionate about programming, HackWithInfy competition offers –
- A chance to compete with top programmers in India
- Cash prizes worth INR 350,000 to the winners
- Pre-placement interview opportunities for **Power Programmer** and **System Engineer Specialist** roles at Infosys.

We are thankful for all the support and collaboration you provided for HackWithInfy in 2020 amid the pandemic. The competition witnessed over **167,000+** registrations from students all over India last year and Infosys offered over **3,200+** pre-placement interview opportunities to the top performers of the competition.

This year, HackWithInfy comprises only **two rounds –**
- **Round 1: May 5, 7, and 9, 2021**

  An online individual participation round on Infosys platform.

- **Final round (virtual Grand Finale): July 2 – July 5, 2021**

  In this round, top 100 participants from Round 1 will be divided into teams for a 48-hour online hackathon. A grand finale ceremony will be organized virtually on July 5, 2021.

Please visit HackWithInfy website for more details about the program. We have also attached posters for HackWithInfy in this mail. Kindly share them with your students.

Registrations for HackWithInfy 2021 are now open to all B.E./B.Tech/M.E./M.Tech students graduating in the year 2022.

Steps to registration for HackWithInfy:
1. To register for HackWithInfy, students need to first become a registered user on InfyTQ, our learning and engagement platform
2. Once registered, go to 'HackWithInfy' page under 'Programs' tab OR click on the HackWithInfy banner at the top of their InfyTQ homepage
3. Carefully read the instructions shared on the page and select 'REGISTER NOW'.

The last date to register for HackWithInfy 2021 through InfyTQ is <u>Friday, April 16, 2021.</u>

We expect all the students to carefully read the Terms and Conditions and the Privacy Notice for HackWithInfy 2021 before they register.

Infosys will consider registration on InfyTQ by a student as an acceptance of these terms and conditions.

Please feel free to write to us at HackWithInfy@infosys.com for any clarifications.

We look forward to discover the top programmers in India through HackWithInfy with your continued support.

Best regards,

Abraham John

Dear Professor,

Hope you and your loved ones are doing well.

**We are happy to share the list of students from your institute who have cleared the pre-placement
interviews** that were conducted based on a student's performance. Please refer to the attached excel
sheet for the list.

These students have been offered one of the three entry-level roles at Infosys: Systems Engineer (SE)/
Digital Specialist Engineer (DSE)/ Specialist Programmer (SP).

Students who have been offered Specialist Programmer role will not be considered for Power
Programmer/Digital Specialist Engineer Campus event which is going to be held on 8th & 9th August as
they have already received the top role on offer.

We will share the results for the Digital Specialist Engineer (DSE) and Specialist Programmer (SP) roles
with the students on 5th August. Kindly let us know by end of day, in case there are any reservations with
the release of offer communication.

This list is inclusive of students who might have appeared in the PPI for a higher role (SP/DSE) but were
offered a role that is at par with the assessment of their skills during the interview.

    The results of HackWithInfy 2021 – Finalists, will be declared on the Grand Finale scheduled on 23rd
August, 2021

Please note, this is a conditional job offer subject to background verification of the candidate.

For any queries, please reach out to me.

We look forward to your continued support.

Best regards,

Abraham John

Respected Sir/Madam,

Greetings from Pentagon Space!

We at Pentagon Space come up with a unique platform to help Mechanical students to get placed in the IT companies on Software testing engineer profiles. In regards to this, we are conducting a 3 day live free Demo session from **28th March to 30th March 2022** @ **7:30 pm to 9:30 pm**, on the Industry Standards Course curriculum for Mechanical Engineering Students having no % criteria.

Students can get real-world experience that enhances student's skills and helps them to crack the interview process. Also, we at Pentagon Space offer 100 placement opportunities for 2022 batch students which consist of no eligibility criteria and no % cut off.

Because of the huge client-based peer, we have strong connections working with our reputed client who hires the trained candidates at Pentagon Space. This training program helps students get a chance to try all the possible jobs while exploring different options in careers.

How can this session be an eye-opener?

•   Get career guidance

•   Understand which domains or courses will suit your interest

•   Learn what kind of projects and tools you need to work on to excel in the domain of
        your choice

•   Learn about the future scope of the domain of your interest

•   Get a sneak-peek into our course content

Who can attend these 3 days of demo classes?

Mechanical Engineering background who are interested to kick start their career in the IT industry.

Eligibility: BE in Mechanical Engineering from 2021 & 2022
