TASK 1

Listen to a conversation about the university library to practise and improve your listening skills.

AUDIO TRANSCRIPT

Student: Hi. Excuse me.

Student B: Yes?

Student: Where's the library?

Student B: The library? It's next to the registration office.

Student: Ah ... sorry, I'm new. Where's the registration office?

Student B: No problem. See the big building over there?

Student: Yes.

Student B: OK, so that's the lecture theatre. Next to that, on the right, is the registration office. And next to that is the library.

Student: I see. Thanks!

Student: Hello?

Librarian: Hello.

Student: Is this the library?

Librarian: Yes, it is. Quiet, please.

Student: Oh, sorry. Thank you.

Librarian: Can I help you?

Student: Er, yes, please. I want to borrow some books. What do I need?

Librarian: You need a library card. Here's the application form. You can take up to six books maximum today.

Student: OK. Six books.

Librarian: Yes. You have two weeks to read the books. Then you bring them back.

Student: And if I'm late?

Librarian: Every day you are late there is a fee of fifty pence.

Student: OK, 50p a day. Er, anything else?

Librarian: Mobile phones must be switched off in the library. You can bring your laptop, but please use headphones to watch videos or listen to music.

Student: OK, great.

Librarian: And you can't bring food or drink.

Student: No food, no drink. And ...?

Librarian: And please speak quietly! People are working here.

Student: Oh! Oh, OK. Thank you.

Librarian: You're welcome.

Question 1

Reframe the sentences which are underlined.

Date

Insert Employer's Name and Title

Dear Ms. Brown:

I am a sales and business marketing major at Western Michigan University and I learned of the internship at Access Medical through Jane Baker at the WMU Business Internship Panel. Based upon the qualifications listed in Handshake, I am writing to express my interest in the position. Access Medical's commitment to meeting the needs of patients and caregivers, along with my interest in sales, marketing and helping others, make a great combination that will benefit your company.

I pride myself on being a self-motivated individual in all areas of my life, especially when learning new things. For example, in order to learn more about my major, I was selected to be a part of the Business Externship Program, a collegiate level job shadow opportunity. I spent several days at Enterprise Rent-A-Car, learning the role of their sales managers and taking part in several client meetings and calls. I also pride myself on having a strong work ethic. This quality helped me receive two promotions to lead positions in my work at a local ice cream shop. I would utilize these qualities at Access Medical in order to learn the operations of a durable medical equipment company, and dedicate myself to the sales and marketing of your products.

I am confident that my professional and educational background, complemented by my strong work ethic and self-motivation, would be great assets to Access Medical. Although the attached resume outlines my accomplishments, a personal interview would be the only way to fully illustrate why I am an excellent fit for the position. Thank you for your time and consideration.

Sincerely,

Jane Smith

I walked through the door with you
The air was cold
But something about

And I, left my scarf there at your sister's house
And you've still got it in your drawer even now

Oh, your sweet disposition
And my wide-eyed gaze
We're in the car, getting lost upstate
Autumn leaves falling down like pieces into place
And I can picture it after all these days
And I know it's long gone and that magic's not here no more
And I might be okay but I'm not fine at all
'Cause there we are

You almost ran the red 'cause you were lookin' over at me
Wind in my hair, I was there
I remember it all too well
Photo album on the counter
Your cheeks were turning red
You used to be a little kid with glasses in a twin-sized bed
And your mother's telling stories 'bout you on the tee-ball team
You told me 'bout your past thinking your future was me
And I know it's long gone and there was nothing else I could do
And I forget about you long enough to forget why I needed to
'Cause there we are again in the middle of the night
We're dancing 'round the kitchen in the refrigerator light
Down the stairs, I was there
I remember it all too well, yeah
And maybe we got lost in translation
Maybe too much
But maybe this thing was a masterpiece 'til you tore it all up
Running scared, I was there
I remember it all too well
And you call me up again just to break me like a promise
So casually cruel in the name of being honest
I'm a crumpled up piece of paper lying here
'Cause I remember it all, all, all
Too well
Time won't fly, it's like I'm paralyzed by it
I'd like to be my old self again
But I'm still trying to find it
After plaid when you made me your own
Now you mail back my things and I walk home alone
But you keep my old scarf from that very first week
'Cause it reminds you of innocence
And it smells like me
You can't get rid of it
'Cause you remember it all too well, yeah
'Cause there we are again when I loved you so
Back before you lost the one real thing you've ever known
It was rare, I was there, all too well
Wind in my hair, you were there, you remember it all
Down the stairs, you were there, you remember it all
It was rare, I was there, I remember it all too well

INTRODUCTION TO LANGUAGE LAB

The rapidly changing and developing technological world of today has already replaced the old traditional way of learning techniques by a wide variety of inventions, which are of great worth to educator's and learners. Today we are living in a digital world. We are blessed with a number of modern leaning techniques like the Virtual Class Room, Remote Learning System, CD ROM /DVD, Internet, Interactive medias etc., being used in Schools, Colleges, Universities and Research Centres. It has become mandatory for every aspirant to make use of these resources effectively- Language lab is a networked application developed for language teachers and students. This extraordinary way of learning a language is entirely different from the traditional way of learning. Here learning becomes more task-based and contextual thereby increasing the language proficiency in an individual. It provides an easy way to master the language through the method of listening and learning in a fully computerized ambience availing individual attention. This helps the student to perfect their writing and oral abilities and on a whole it allows the aspirant to attain mastery over the language. Le LOGICIELSM Technologies est. in 2004 provides a Language Lab solution in the market, wherein stress has been laid upon improving the pronunciation, communication skills, fluency, accent and facial expression, which are most important in any language conversation.

Learn SOFT LANGUAGE LAB: Learn SOFT Language Lab is an instructional technology tool consisting of a source unit that can disseminate audio, audio/visual, and/or written materials to students at individual seats, with a wide variety of potential

feedback mechanisms to the Student, Teacher or group of Students in the network. Teacher is the Core part of the Learn SOFT Language Lab. All features are available in Teacher Console. The Connection manager ensures a stable and reliable connection with the students. The system automatically notifies any problems that arise between the student and the teacher system.

Guide User Manual Teacher Console: The Teacher Console is provided with control functions to monitor all student positions. With this various batches, their session timings and their respective lessons can be organized. It has got unique features like options for listening to the native speakers and giving instructions to window unless the teacher closes

the window from Teacher Console, when this happens all the students' interactive windows will be closed at the same moment. Remote Desktop Access: LearnSOFT Language lab being a networked application, the Teacher acts as the server and necessarily needs to monitor all students. This is achieved through Remote Desktop Viewer. By using this, the teacher is able to capture any student's screen and view the same on his/her console. For future reference teacher can save the file as bit map image. It acts like Remote Surveillance Camera. Audio & Video Broadcasting: File transfer system helps the teacher to send lessons to the students' system based on the progress of each student and the student can send back the completed exercise to the teacher for evaluation. The System supports broadcasting of files up to a file size of 2GB and the speed depends upon the network. All types of lesson files [MP3, DAT, MPG, AVI, txt etc.] can be sent over the network. The students are able to watch the preview of lessons either directly from the teacher console or by downloading to their local folder. To improve the loading speed and overall efficiency of the program, it is highly recommended to delete all the lessons while quitting the program. Lesson Comparing: Lesson comparing helps the student to hear one's own voice and compare it with the experts' voice. To compare a lesson, the student must open an audio file to start. This audio file will be used as reference file. When user clicks on record button, the audio will start playing the reference track as well as records the new voice from the student. Simultaneous process will take place. After stopping the comparison, the audio file saves automatically. Compare button will be active if a successful recording is done. In order to play the recorded lesson, the student has to just click on the compare button. The system plays both sounds automatically. Thus students/teacher are able to compare their pronunciation skills. Communication VOICE CHAT - Full duplex voice chat algorithms are used for two-way communication. High voice fidelity and crisper clear sound are produced using Advanced Voice Chat Control. in LearnSOFT Language Lab voice chat controls works like an intercom facility. The Teacher or student is able to call each other directly with one click call button. Hang up buttons are also available. Features depend on the quality of sound card and head phones. Talk to All Students: When the teacher wants to tell something or teach/lecture all the students at one time - Talk to all opens the voice chat automatically and all the logged in students are automatically connected and a new voice session is started. message "Teacher is talking to all students." appears. The Teacher is able to end this session with a simple click. Automatically the student voice chat window gets disconnected
