SCMS SCHOOL OF ENGINEERING AND TECHNOLOGY NATIONAL SERVICE SCHEME UNIT NO: 182 & 584			
TITLE OF ACTIVITY:	KARSHIKOLSAVAM (AGRICULTURAL FEST)		
NUMBER OF STUDENTS:	25	NUMBER OF FACULTY MEMBERS:	5
ORGANISED BY:	KARUKUTTY GRAMA PANCHAYATH	COLLABORATING AGENCY:	NSS UNIT SSET
VOLUNTEERS INCHARGE:	PAUL TOMY, HANA FATHIMA		

KARSHIKOLSAVAM

Karshikolsavam or the agricultural fest which was organized by Karukutty panchayath, to encourage farmers and to enhance the knowledge to new generations was attended by the NSS Unit of SCMS School of Engineering and Technology. On 2nd April 2022 the event MANTHALAM was inaugurated by respected MLA Roji John. Later Karukutty panchayath president, Ward members and other speakers enlightened the volunteers by their words. After the event among all 27 volunteers, 6 assigned for registration, 3 for controlling the crowd near the stalls, 3 near the painting walls and so on. The painting wall carved the minds of visitors while registration counters filled the hands with seedlings. Eminent knowledgeable guests from Thrissur and Vayanad elaborate on the various plants, plant diseases, animal husbandry, domestic animal diseases and their food habits.

After lunch break the competitions commenced. From the traditional coconut leaf hatching, broom material making, folk song competitions, drawing competitions to solo song competition the Rhythm of Soil captured all hearts. Faculties helped to judge the skills among farmers and the volunteers cheered them with their words and folk song presentation. By the end of the event the volunteers visited the paddy fields, found the winners among jewels and took a step closer to nature.

The NSS volunteers were commended for their effective coordination of the MANTHALAM Agriculture Festival in Karukutty Grama Panchayath. Anirudh, Abhay Pisharody Senior volunteers representing NSS volunteers at SCMS College received the commendation from B.R.Sreelekha, Assistant Director, Angamaly Agriculture.

MARAM ORU VARAM

The "Maram Oru Varam" program was conducted by the NSS in collaboration with various organizations and local communities. The program was launched with the objective of planting an estimate of 100 trees in the college premises. The program was implemented in different phases, on November 5th 2022, starting from the identification of suitable planting sites, selection of tree species, and planting of saplings.

The program received an overwhelming response from volunteers, local communities, and government organizations. Volunteers from schools, colleges, and universities actively participated in the program. The planting of trees took place in various locations, including schools, public places, and forests.

The program also highlighted the need for sustainable development and the role of individuals in protecting the environment. The program had a significant impact on the participants, who became more aware of the environment and the importance of conservation.

BLOOD DONATION CAMPAIGN:

Blood donation camp was held at SCMS School of Engineering and Technology on 17/09/22. It was inaugurated by the respected principal Anitha G Pillai in the presence of program officers, organizers and the volunteers. It was organized in association with HDFC bank, IMA Aluva. 67 people including students from various branches of B.tech and B.arch as well as faculty members and staff together participated in donating their blood. 11 volunteers conducted and coordinated the entire programme. The camp started at 10.30 AM and successfully completed at 2.30 with harmonic work and combined effort of all volunteers.

HEALTH SURVEY

On 1st March 2023, the students of both NSS units of SCMS school of engineering and technology conducted a health survey which aimed to provide a comprehensive snapshot of a person's physical and mental health status.

A questionnaire was prepared by the students regarding overall health, living conditions, accessibility to healthcare facilities and availing them, government funding in rural areas, and also on behaviors such as diet, smoking, exercise etc.

The survey was conducted at different localities in the neighborhood and aimed at gathering information on patient satisfaction levels and evaluating their overall health.

Active participation was seen from the students and people they approached for the survey. The reports of the survey were presented to the nearest health clinic so that conclusions and recommendations could be summarized from the results.

ELECTRIFICATION WORK

In September, NSS SSET Unit No.182 and 328 successfully completed an electrification work program, bringing light to a previously underserved area. The program involved the installation of electrical infrastructure, wiring, and fixtures, transforming the lives of the local residents by providing them access to safe and reliable electricity. Through this initiative, the NSS volunteers demonstrated their commitment to community development and improved living conditions, leaving a lasting positive impact on the area

2 -DAY STATE LEVEL VOLUNTEER SECRETARIES MEET 2022

The NSS unit of Federal Institute Of Science and Technology along with the APJ AKTU NSS cell conducted 2 day state level volunteer Secretaries meet on 4th and 5th of October 2022. The main agenda for the meet was to give training to the newly selected volunteer Secretaries from various colleges.

The meet was inaugurated by th MLA Roji M John. After the inauguration there was a short Ice breaking session conducted by prof Sujay. After the lunch break we had a session on KTU NSS CELL by Dr Suneesh P U. He explained the entire structure of KTU NSS Cell. After that Prof. Shiju Ramachandran explained one of the important flagship programmes KTU CARE. Prof. Shyam Prasad introduced the activities to be done in the KTU portal by each NSS unit and also demonstrated the enrollment process of upcoming batches. At the end of the first day we had a session headed by Dr. Thomas George taught the importance of good communication skills and also motivated the volunteers. He has arranged some adventurous activities for the volunteers like glass walk and fire walk. All the volunteers actively participated in those activities.

On the second day, the day started with yoga and morning activities. After breakfast Prof. Ridhin addressed the special camp that the NSS volunteers have to attend. Prof. Dharsana explained about the NRPF flagship program. After lunch break the last session was handled by Prof. Shafi Pulpara. He divided volunteers into 8 groups and given a set of activities which in turn taught the qualities that a volunteer should have. By 3 o clock the meet came to an end.

TITLE OF ACTIVITY :	<u>STEM CELL DONATION AWARENESS SESSION AT SCMS SCHOOL OF ARCHITECTURE(SSA)</u>		
NUMBER OF STUDENTS:	50	NUMBER OF FACULTY MEMBERS:	2
ORGANIZED BY:	NSS UNITS of SSET and SSA	COLLABORATING AGENCY :	DKMS BMST Foundation India
VOLUNTEERS INCHARGE:	SREELEKSHMI A, JESWIN JOY C, SOBIN VARGHESE, POOJA R MENON		

STEM CELL DONATION AWARENESS SESSION AT SCMS SCHOOL OF ARCHITECTURE(SSA)

TKMS BMST Foundation India, a non-profit organization dedicated to the fight against blood cancer and blood disorders conducted a day long blood stem cell donor registration drive at The SCMS School of Engineering and Technology and the SCMS School of Architecture on 15th October 2022.

A team of 4 professionals took the awareness session for about 100 students, parents, teachers and non-teaching staff as 2 sessions; one forenoon and the other afternoon. After an hour of informative session, real life stories of a few people who survived the blood stem cell transplant and their potential donors who took the strenuous journey were shown. Later the students were demonstrated on how to register themselves as potential stem cell donors by giving their cheek swab samples.

Every 5 minutes someone in India receives the shattering news that they have been diagnosed disorders like Thalassemia or Aplastic Anemia. A stem cell transplant from an HLA-matched donor is often the only chance at survival for these patients. The Awareness campaign aimed at signing students as potential blood stem cell donors and registering themselves to help save a life.

Students have come to the realization that becoming a donor is a serious commitment and though it is difficult to predict the outcome for someone who receives the donation, the possibility that the donation can help save a life is over whelming.

JEEVANA INAUGURATION AND KTU CARE ANNUAL MEET

NSS unit of Viswajyothi College of Engineering and Technology, Vazhakkulam, along with KTU care organized the Jeevana inauguration and KTU care annual meet on 15th and 16th October, 2022.

The meeting took place in the auditorium of Viswajyothi College of Engineering and Technology. The session started with Shiju sir giving an introduction about the KTU care. Then Babu Abraham Sir, Department head of Pallium, India gave an introduction to palliative care and home-based care. He taught us about the most important things in the palliative care and mainly about what is palliative care. After that we had the inaugural session.

Followed by the Inaugural session was Ms. Abhirami. P's talk on communication to patients. She is the community social officer of Pallium, India. The class was very informative and fun as she included games in

between her talk to make us understand more efficiently. By the end of the session everyone had a clear idea on how to approach a patient and talk to them.

We were then divided in to 10 groups of about 13 people. Beginning from dividing into various groups, gaining knowledge about them, sharing themselves and naming the group the process was filled with laughter and awkwardness. But once the group got to know each other it was filled only with laughter. Each group was given a particular story about a handicapped person and their troubles. Everyone had to give their ideas on how to solve that person's problem and help them. The groups can either act or speak about their solution. During this process a lot of people got really close with each other. Around 6pm Sujay sir along with Amal sir and SCMS alumni Jayesh and Hari Prakash came for the ice breaking session. That session bought all of us closer. Sujay sir did a great job in bringing all of us close. Day 1 came to an end with the cultural which was truly mesmerizing.

Day 2 started with morning yoga and workout. Babu Abraham sir gave a recap about the Day 1's talks. Then Mr. Sreekanth started the session by talking more about the palliative care unit and how it works. He also told us about the work we will have to do to run the KTU care. Mrs. Reena talked about the financial services and all about the fundraising events to help the people in need. At 12:15pm the program came to an end with everyone's feedback. This was truly one of an experience where we were enlightened about the palliative care unit and the duties of NSS volunteers.

LOVE PLASTIC

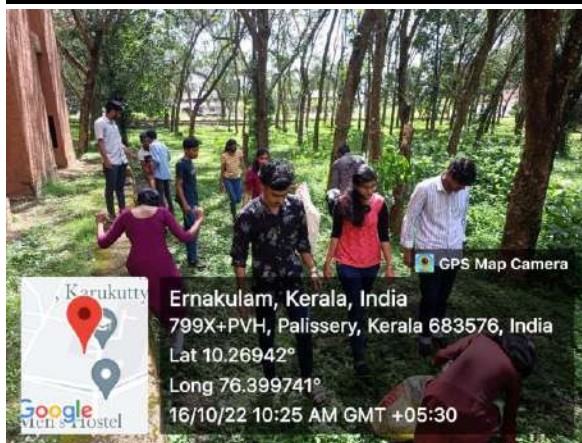

Love plastic was an initiative by the NSS units of SSET targeted to clean the campus from plastic materials. On 16 th of October 2022 , the volunteers gathered at the campus at 9 am and the programme was officially begun with the presence of programme officers. Volunteers were divided into 4 groups and each group was assigned a particular area of the campus from where the plastic was meant to be collected. Volunteer group along with the supervision of group leaders and volunteer secretaries removed the plastic materials from the campus. After collecting the plastic materials an evaluation was done to sort out the sources of the plastic materials and discussed necessary actions to avoid such practices. A brainstorming was done among volunteers to reduce the presence of plastic materials in the campus. The collected plastic materials were properly disposed of.

MEDICAL CAMP AT APPOLO ADLUX CONVENTION CENTRE

A Medical camp was conducted at ADLUX Convention Centre, KARUKUTTY on 27/11/22 by NSS units of SSET and SSA in association with "Oppam Undu MP" event by the Member of Parliament Sir Benny Behannan. More than 100 student NSS volunteers from Units 182 & 328 from SSET and SSA volunteered for the program and around 5000 people visited the camp for free consultation in different departments of medicine. The event was inaugurated by renowned cardiac surgeon Dr JOSE CHAKO PEREYAMPURAM. More Than 5000 got beneficial from the camp. The camp team included doctors from almost every department, nurses, technical staffs as well as specialised labs were used for various testing procedures. The main attraction of the medical camp was the active participation of NSS volunteers from SSET and SSA. The volunteers played a vital role in registration and other duties. The main challenge was to control the crowd and do the organizing effectively under such a pandemic situation. The NSS volunteers were there to arrange everything for the doctors and staffs. The programme was concluded by MP Sir Benny Behannan's word of thanks.

BLOOD DONATION CAMP

As a part of the AIDS Day, Blood Donation camp was held at SCMS School of Engineering and Technology on 1/12/22. It was inaugurated by the respected principal Dr. Anitha G Pillai in the presence of programme officers, organisers and volunteers. It was organised in association with HDFC Bank, Apollo Adlux Hospital Karukutty. 75 people including students from various branches of B tech as well as faculty members and staff together participated in donating their blood. 11 volunteers conducted and coordinated the entire programme. The camp started at 10:00 am and successfully completed at 1:00 pm with harmonic work and combined effort of allvolunteers.

NSS PUNARJANI CAMP

The NSS units of SCMS School Of Engineering and Technology conducted a **five-day PUNARJANI CAMP**, at **Aluva Taluk Hospital**, from **17th to 21st December 2022**, in collaboration with **SCMS Polytechnic College**. The program was aimed at restoring different equipments and machines at the hospital.

The camp was officially inaugurated by the Hospital Superintendent, in the presence of NSS program officers and volunteers. Almost **50 NSS Volunteers** took part in the camp each day, and the work was done on day-night shift basis. The camp was also visited by our respected Chairman, Dr.Pradeep P Thevanoor and our Principal, Dr.Anitha G Pillai. When the camp was winded-up on 21st, we were able to restore **equipments worth 1 crore**.

“ROAD SAFETY AWARENESS SESSION to AutoRickshaw/ Bus drivers - Palissery “

Event Schedule: 1/3/2023 – 10.00AM- 12.30PM

Resource Person Details:

1	Road safety Awareness	Mr. Adarsakumar, Director, SiRST
2	Rules and Duties of Drivers	Sujay K (Assistant Professor, Automobile Engineering Department, SSET)

Brief Report:

On February 28, 2023, the SCMS Institute for Road Safety and Transportation (SiRST) organized a road safety awareness session for autorickshaw and bus drivers in Palissery. The event was held in association with SNDP Library- Palissery and was attended by 42 drivers. The resource persons for the session were Mr. Adarsakumar G Nair, Director of SiRST, and Sujay K, Assistant Professor in the Automobile Engineering Department at SSET.

The event was inaugurated by Mr. K Manoj, Joint RTO of Angamaly, who stressed the importance of road safety for drivers and the public. Mr. Thaharudheen, Motor Vehicle Inspector of Angamaly, delivered the key note address and emphasized the need for drivers to follow traffic rules and regulations.

Prof. Pramod P Thevanoor, Vice Chairman of the SCMS Group, gave an introductory address, highlighting the importance of road safety and the role of drivers in ensuring it. KK Murali, President of the SNDP Library in Palissery, delivered the presidential address, encouraging drivers to be more responsible on the road.

Dr. Anitha G Pillai, Principal of SSET, welcomed the participants and expressed her gratitude to the organizers and the resource persons. Mary Antony, Ward Member of Karukutty Panchayath, felicitated the speakers and expressed her appreciation for the initiative.

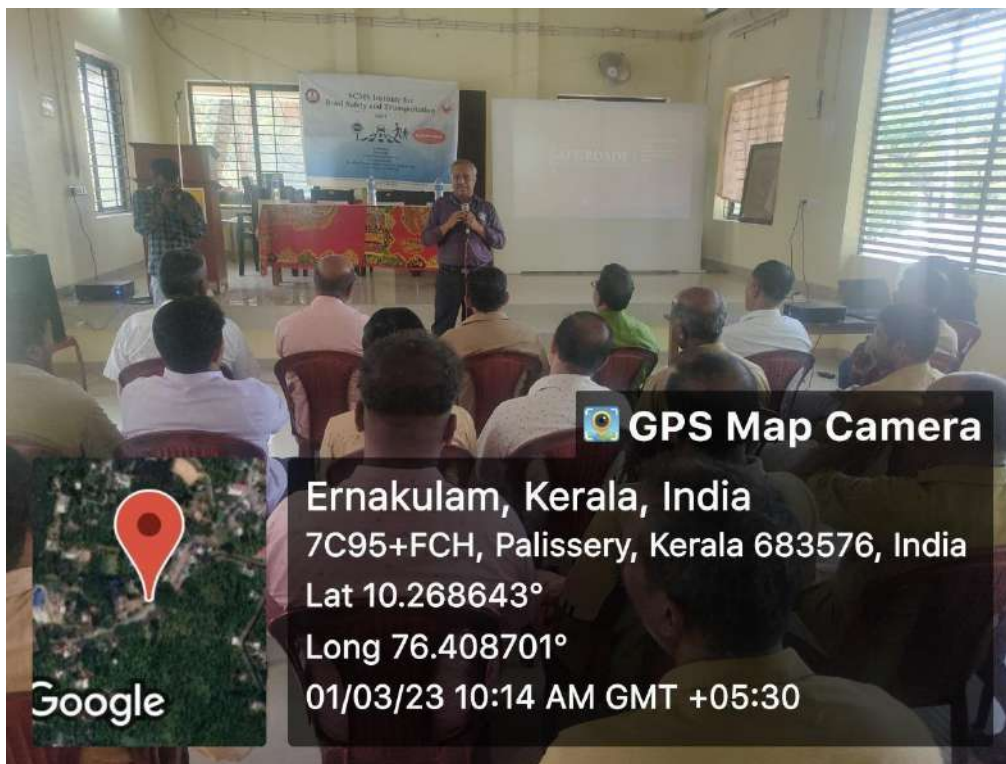

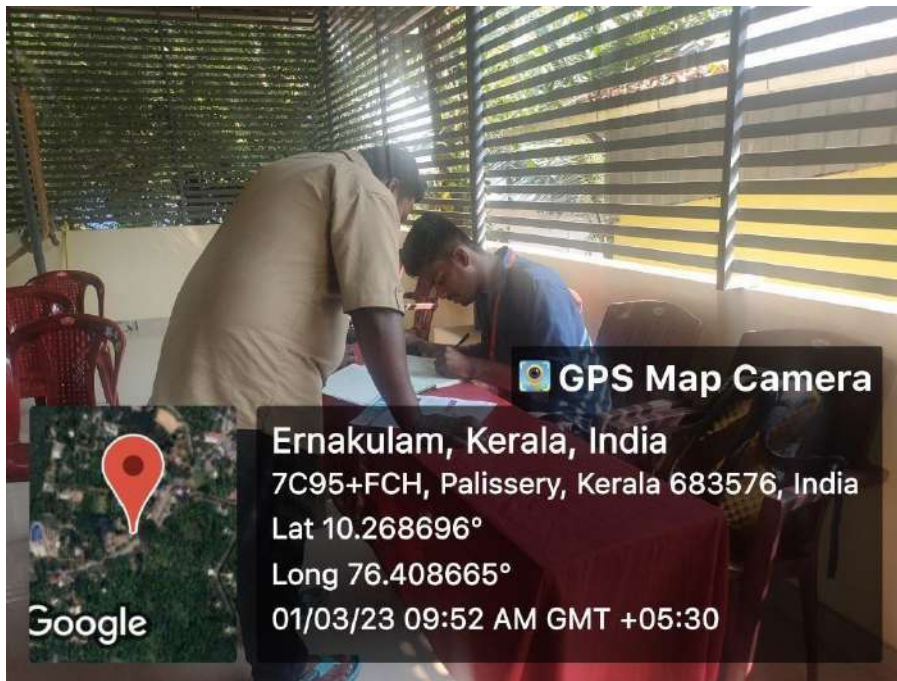

The session covered various aspects of road safety, including the importance of wearing seatbelts and helmets, following traffic signals, maintaining safe distances, and avoiding drunk driving. The resource persons also stressed the need for regular vehicle maintenance and encouraged drivers to avoid overloading their vehicles.

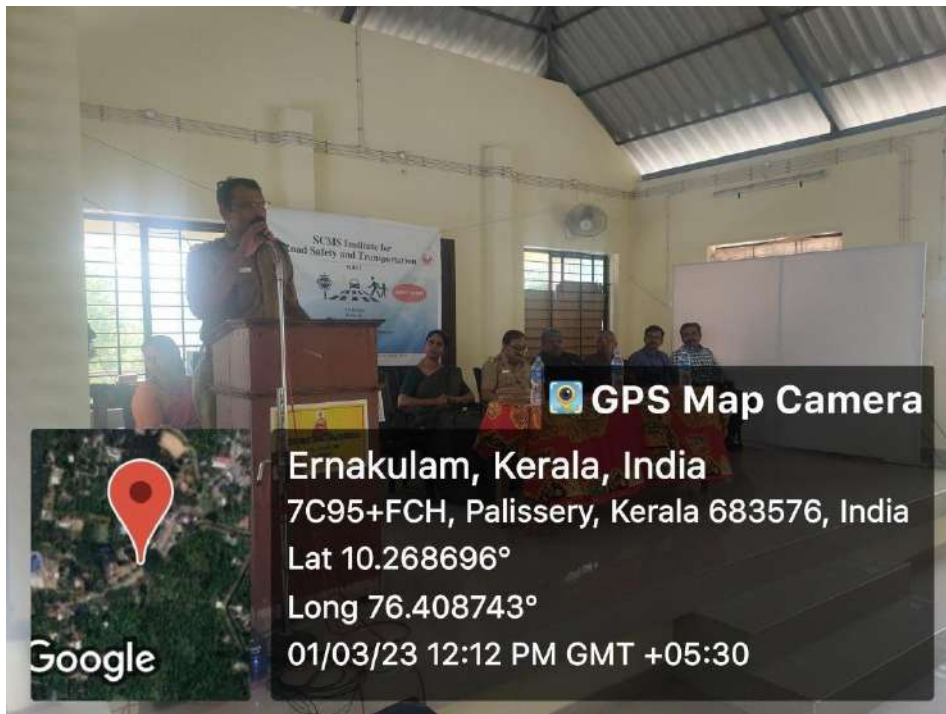

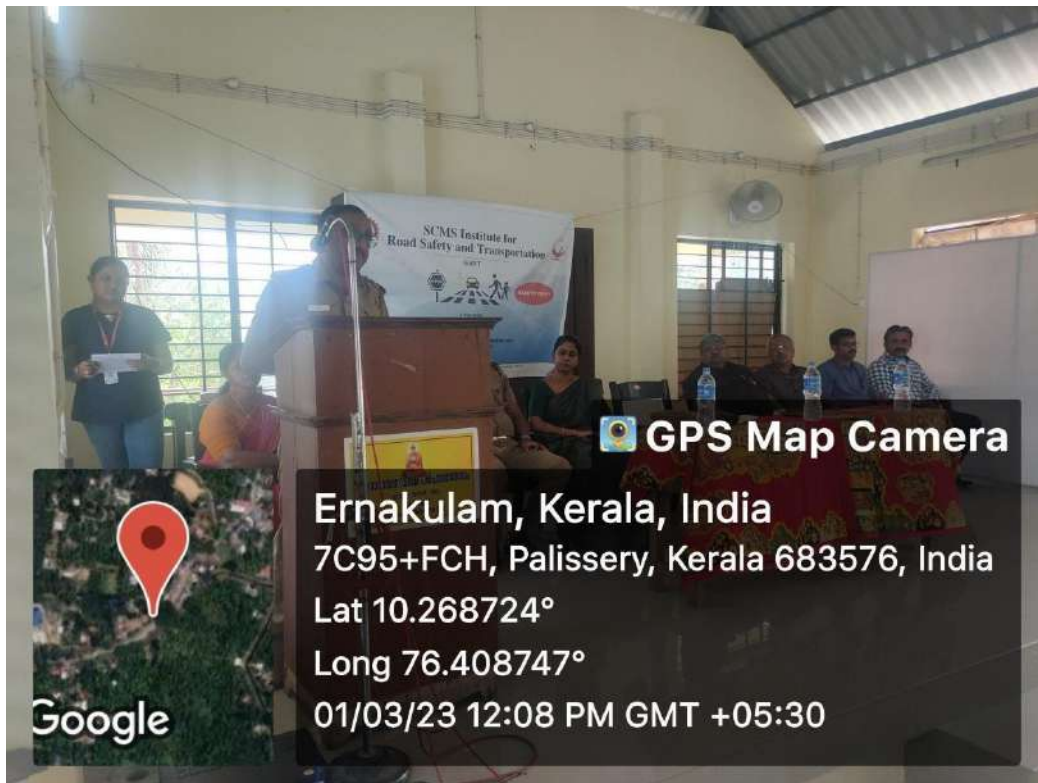

The event was attended by Dr. Praveensal CJ, Campus Director of SCMS, and Dr. Jenson Joseph E, HOD of the Automobile Engineering Department at SSET. The session was interactive, with the participants sharing their experiences and asking questions. The event was a success, and the drivers left with a better understanding of road safety and their role in ensuring it.

Inauguration Schedule (Time : 11.45AM)

Welcome Address	Dr. Anitha G Pillai	Principal, SSET
Presidential Address	Mr. K K Murali	President, SNDP Library, Palissery

No. of Students Participated				300

Brief Report:

The Public Transport Awareness Campaign was organized by SCMS Institute for Road Safety and Transportation (SiRST) Coordinated with NSS-SSET, in collaboration with SINRO Robotics and Kochi Metro Rail Limited (KMRL). The campaign aimed to raise awareness among school students about the benefits of public transportation, specifically focusing on the Kochi Metro system. The campaign took place at various metro stations in Kochi, including Changampuzha Park, Aluva, Vadakke kotta, Vyttila, Maharajas, and Jawaharlal Nehru Stadium from 2nd May 2023 to 9th May 2023.

Objective:

The primary objective of the campaign was to educate school students about the importance of using public transport, promoting sustainable mobility, and encouraging them to consider the public transportation as a reliable and eco-friendly transportation option.

Activities and Initiatives:

- **Orientation Session:** The campaign began with an orientation session where the students were introduced to the importance of public transport and its benefits. The session provided an overview of the campaign's objectives and the planned activities.
- **Interactive Presentations:** A series of interactive presentations were conducted to engage the students and enhance their understanding of the advantages of public transport. These presentations covered topics such as reducing traffic congestion, minimizing pollution, and promoting a greener environment.
- **Engagement Activities:** To make the campaign more engaging, various activities such as group discussions, and interactive games were organized. These activities encouraged active participation and provided a platform for students to express their understanding of public transport and its benefits.

Outcomes and Impact:

- The Public Transport Awareness Campaign achieved significant outcomes and had a positive impact on the participating students. Some of the notable outcomes and impact include:
- **Increased Awareness:** The campaign successfully raised awareness about the importance of public transport and the benefits of using the Kochi Metro system. Students gained knowledge about sustainable transportation options and the role they can play in reducing congestion and pollution.
- **Attitude Change:** Through the various activities and hands-on experiences, students' attitudes towards public transport transformed positively. They recognized the convenience, affordability, and environmental benefits of using the Kochi Metro, leading to a shift in their perception of public transportation.

Report Conclusion:

The extension activities during 2022-2023, post-COVID reflects a journey of resilience, renewal, and reinvigoration. Emerging from the challenges of the pandemic, our NSS initiatives have embraced a renewed sense of purpose and commitment to community welfare. Leveraging lessons learned during the crisis, we have reimagined our outreach strategies, emphasizing both virtual and in-person engagement to maximize impact. As we transition into a post-pandemic era, our dedication to serving communities remains steadfast, guided by a spirit of solidarity and empowerment. Together, we look forward to forging ahead, building stronger, more resilient communities through sustained NSS efforts.
