NUMBER OF STUDENTS:	14	NUMBER OF FACULTY MEMBERS:	3
ORGANISED BY:	NSS UNIT SSET	COLLABORATING AGENCY :	YOUNG VIBES ASSOCIATION ,KOCHI
VOLUNTEERS INCHARGE:	RAMEES SALIM, ANEENA ANEER		

CLEANING CAMPAIGN

The NSS volunteers of SSET conducted a cleaning campaign at Fort Kochi beach in association with the YOUNG VIBES ASSOCIATION. The main aim was to make the people aware of the importance of disposing of waste properly into the waste bins placed & working towards making the beach clean.

The campaign helped in creating a sense of clean environment for a healthy society among the people. NSS volunteers monitored the activities of people and whenever people had thrown wastes, the volunteers without any hesitation collected and placed them in the waste bins which made people

feel awkward about themselves. This would be possible only by cooperation from the people as well as the tourists in exercising discipline and not to indulge in throwing the waste over the beach which was achieved by the NSS volunteers through proper enlightenment.

This practice was highly effective since it made one rethink about how he or she also contributed towards polluting the environment and such a feeling when once developed in them would prevent them from repeating it at any public place. The combined effort of the volunteers and the association helped in achieving the goal of the campaign.

VOLUNTEERS INCHARGE:	RAMEES SALIM, ANEENA ANEER		

BEACH EVACUATION

The NSS of SCMS School of Engineering and Technology took part in evacuating the people at Fort Kochi beach along with the Kerala Police.

Evacuation was due to reports of high tides coming on to the beach and under such circumstances it was not advisable for the people to wander along the beach. It was very difficult in controlling as well as making a large crowd at the beach understand the situation and the potential danger associated with it. Through proper explanation and proper awareness, volunteers were able to evacuate the people quickly. NSS volunteers actively participated in helping the Police for an easy and fast evacuation process of the beach.

POND CLEANING

In association with the “Ente Kulam Ernakulam” project of Anbodu Kochi team or Team AK , volunteers of NSS unit of SSET cleaned and restored a pond in Pallissery, near the college. This project was under the supervision and leadership of Ernakulam District Collector Shri. Mohammed Y Safirulla. With the slogan “Save our ponds, build a healthy future”, the “Ente Kulam Ernakulam” project was envisioned by Former District Collector MG Rajamanickam to conserve, restore and clean the ponds in the district.

Shri. Mohammed Y Safirulla inaugurated the work in the presence of Angamaly MLA Shri. Roji M John. On that auspicious occasion, the Collector spoke about the great words of Muhammad Ali that “Rivers, ponds, lakes and streams – they all have different names, but they all contain water. Just as religions do- they all contain truth”. The work was done by joining hands with the Kudumbasree unit in the presence of police and fire-force.

DENGUE AWARENESS

Kerala is in the middle of another fever season. While dengue has seen maximum number of cases, NSS Volunteers of SCMS School of Engineering and Technology had conducted an awareness class on dengue fever in Pallissery with the help of Pallissery Primary health Centre, ASHA workers and students of Govt. Pallissery High School.

The volunteers who had gathered in Primary Health Centre, Pallissery are welcomed by Mr. Aneesh Ward member, Pallissery. Mrs. Sheela, District Medical Officer, Mr. Gopalakrishnan, Faculty SSET had a small session about the reason for Dengue Fever and what are the measures to be taken to control it.

After the session volunteers had visited houses in their allotted ward and spread awareness about dengue fever. They visited the surroundings of each house and pointed out the positive sources for Dengue. Volunteers had also initiated small cleaning where they felt it was needed.

KOCHI TRANSPORTATION

NSS Volunteers of SCMS School of Engineering and Technology took part on the 6th edition of Kochi Transportation Day in which the Collector shri. Mohammed Y Safirulla IAS took a ferry ride from Ernakulam jetty to Vypin ferry. From there he took a bus to High Court Junction to study the possibility of extending the existing bus service to other parts in the city. He also gave away the Sreshta Sanchari Puraskaram to the metro passengers of highest patronage.

The NSS Volunteers accompanied the Dist. Collector on his journey giving away flyers. It was a big opportunity for Volunteers to study the public transport system of Kochi city. From this, volunteers got the message that all should use public transport to reduce traffic in the city.

PUNARJJANI – 6 DAY CAMP

‘Punarjjani’, a state-wide initiative of the Kerala State Youth Welfare Board and the Technical Cell of the National Service Scheme (NSS), aimed at repairing damaged and out- of-use furniture and other health-care facilities at government hospitals across the State, by making use of the services of NSS Technical Cell volunteers.

The NSS volunteers of SCMS School of Engineering and Technology led by Program Officer Sujay K carried out the Punarjjani camp 2018 at Gandhigram Government Hospital for Dermatology at ayyampuzha primary health centre from 14th to 19th July 2018. The camp aimed at bringing the dead equipment and assets of the hospital back to life started way before the camp days.

The hospital was actually built as an isolation area cum hospital for Leprosy patients of south India during the 20th century. Even now there are patients who suffer from Leprosy. The people around the hospital kept away from them due to fear of the deadly disease which has now been eradicated. The team recreated assets worth Rupees 59 Lakhs. The volunteers also visited the patients.

DISASTER MANAGEMENT

SCMS School of Engineering and Technology had joined hands with disaster management for cleaning the places that had been affected by the flood. On the First day the work was at Parakkadavu and Eloor where volunteers were instructed to chlorinate the wells with a certain amount of Chlorine. The Panchayath members and ASHA workers were also there to help the volunteers.

Second day of the work was at Karumalloor, where volunteers had got direction from nearby Primary health centre. They were provided with chlorine and bleach and were asked to spread it near wells, septic tanks etc..

It was a different experience for the volunteers as they were able to understand the situation of the people who were suffering due to the flood. They promised that they will do their maximum to help the people.

FOOD COLLECTION FOR RELIEF CAMP

Since the state is facing serious issues with monsoon, Residents of many areas are affected with flood, landslides and various other disasters, and are being camped in various relief camps set up by disaster management. We came to know that there is a shortage of food items, medicines, other necessary items

NSS Volunteers of SCMS School of Engineering and Technology, karukutty are joining hands with district administration and disaster management to provide necessary items to various relief camps.

So we were assigned to collect rice (puzhukkalari),tea powder, pulses, dettol, antiseptic lotion and all other items from students of our campus.

Volunteers had collected various products from faculties and students and separated the same, And packed and sent it to different relief camps. Students were very proud that they had been a helping hand to suffering people.

VOLUNTEERS INCHARGE:	ATHULYA K, AMAL K S		

THIRUVAIRANIKULAM TEMPLE GREEN PROTOCOL

The NSS volunteers volunteered for monitoring and enforcing the green protocol rule suggested by the district collector at Thiruvairanikulam temple during 22/12/2018 to 02/01/2019 as part of Nadathurappu Mahotsavam lead by the NSS Technical Cell of SCMS School of Engineering and Technology Karukutty. This was the third year of successful execution of green protocol in thiruvairanikulam temple. The project targets reduction of waste produced during the festival by implementing green protocol where the premises of the temple went green by putting a ban on non-biodegradable items and plastic covers and other hazardous items, and ensuring the waste was properly being disposed of in respective waste bins and not anywhere else.

തിരുവൈരാണിക്കുളത്ത് സേവനസന്നദ്ധരായി എസ്സിഎംഎസ് വൊളന്റിയർമാർ

തിരുവൈരാണിക്കുളം പാർവതി ദേവിയുടെ 12 ദിവസത്തെ നടതുറപ്പ് ഉത്സവം നടക്കുന്ന മഹാദേവ ക്ഷേത്രത്തിൽ കുറുകുറ്റി എസ്സിഎംഎസ് കോളജിലെ എൻഎസ്എസ് വൊളന്റിയർമാരുടെ സേവനം ശ്രദ്ധ നേടുന്നു. ആൺകുട്ടികളും പെൺകുട്ടികളും ഉൾപ്പെടെ 130പേർ ക്ഷേത്ര പരിസരത്ത് ക്യാമ്പ് ചെയ്യുകയാണ്.

പുലർച്ചെ 3നു നട തുറന്നതിനു ശേഷം ഇവർ പ്രഭാത സവാരിക്കിറങ്ങും. വഴിയിൽ കാണുന്ന മാലിന്യം ശേഖരിക്കും. തുടർന്നു പാർക്കിങ് ഗ്രൗണ്ടുകളിൽ എത്തുന്ന വാഹനങ്ങളിലുള്ളവർക്കു ക്ഷേത്ര പരിസരത്തു നിലവിലുള്ള ഗ്രീൻ പ്രോട്ടോക്കോളിനെ കുറിച്ച് ബോധവൽക്കരണം നൽകും.

ക്ഷേത്ര പരിസരത്തെ കച്ചവട സ്ഥാപനങ്ങളിൽ നിരോധിത പ്ലാസ്റ്റിക് ഉൽപ്പന്നങ്ങൾ ഉപയോഗിക്കുന്നുണ്ടോയെന്നും വിദ്യാർത്ഥികൾ പരിശോധിക്കുന്നുണ്ട്. മാലിന്യം ശേഖരിച്ച സ്മലത്ത് അവ തരംതിരിക്കുന്നതിലും എൻഎസ്എസ് വൊളന്റിയർമാരുടെ മേൽനോട്ടമുണ്ട്.

DIGITALISATION

Volunteers digitalized student data of Palissery School from 1971 to 2016. Primary Software was also developed and presented for the school.

About 45 volunteers' digitalized the details of the students of Palissery school by using the register provided by the school. We have digitized student data for about 45 years. The work was very useful for them because digitalizing the data enabled them to store it as soft copy and also they can access the data very easily and a copy can be generated very easily. Many registers have become very difficult for reading out the details since they are years old.

The digitalization work we have done in palissery school was said to be very useful for their office since they were able to easily access data of any student studied in any year and also we were able to prevent missing details since many registers have turned out to be very old.

WASTE MANAGEMENT SURVEY

The NSS volunteers of SCMS School of Engineering and Technology conducted a waste management survey at Karukutty Panchayat.

The survey was done for four days. The main aim of the survey was to know whether the waste management is proper in the area. Volunteers also suggested proper and new waste management techniques.

It was a good experience for volunteers as they were also able to know more proper methods of waste management and how it has to be done.

Report Conclusion:

The extension activities undertaken during 2018-2019 have been instrumental in fostering community engagement, promoting knowledge dissemination, and enhancing societal impact. Through these initiatives, we have not only enriched the educational experience of our students but also contributed meaningfully to the broader community. Looking ahead, we remain committed to further expanding our outreach efforts and strengthening our partnerships to continue making a positive difference in the lives of those we serve.
