A HELPING HAND TO THE FISHERMEN AT CHELLANAM

The NSS team of SCMS School of Engineering and Technology (SSET) had conducted a voluntary work at Chellanam on July 7th, 2019. The local fishermen of the area were facing severe threats from coastal erosion, so the students of the NSS team voluntarily helped them in constructing the sea barrier by filling up the Geo bags with sand and placing them along the coastal region at the place. 24 NSS volunteers whole heartedly took part in the activity from 10:00am to 3:00pm. Within the time period they were able to fill 38 Geo bags in whole and place them at the required places.

CLEAN ERNAKULAM PROJECT

As the part of Anbodu kochi our new Ernakulam district collector honourable Shri S Suhas conducted a program known as 'Clean Ernakulam' which has an aim of no waste on road side. Phase 1 was conducted on July 13th 2019 around 8 junior volunteers (batch 2019-21) and 8 senior volunteers (batch 2018-2020) took part in it. Under the district collector many volunteers from Anbodu Kochi and our programme officers also took part in it. The program started at 7:30 am and ended around 12 pm. In this program every volunteer including collector also took part in this cleaning section. We all collected the waste from the road side and separated it as plastic, papers, plastic bottles etc.. in garage bags this bag was collected by vehicle provided by this team. The first phase of 'Clean Ernakulam' was successfully done between Mutton and Ambattukavu metro station.

LEADERSHIP TRAINING PROGRAM

SCMS School of Engineering and Technology conducted a leadership development class for S5 students on August 4, 2019. Around 20 students were present to attend the class. The class started at 9:30am and ended at 3:30pm. Sujay K , Assistant professor of the Automobile Department led the class. More than 5 S7 senior NSS volunteers were also there. Hari Prasad, Ex NSS volunteer of SCMS and Abhimanyu, an active volunteer of Adishankara college also joined the class. The class included many interesting sessions. Main aim of this class was to improve leadership qualities like time management, communication skills, problem solving skills, decision making etc. Volunteers were given different tasks throughout the sessions so that they were able to understand their leadership qualities. Volunteer named Hrithik was given a task to clap after every 15 minutes which improves the time management quality. Session contained tableau making which improves teamwork and message passing games to improve communication skills. At last, in the feedback session students gave positive feedback about the class. They said the class was so effective and helped a lot to improve their leadership qualities and self confidence. The class ended with a vote of thanks.

VISIT TO A VERY SPECIAL PLACE

On the pleasant morning of September 9th, Tuesday, 16 NSS volunteers of SSET had gathered at Anugraha sadan, Koodapuzha, Chalakudy, to visit the children staying there and to share our happiness with them on this festive occasion.

We reached there at 10:15 am and started off by visiting the sisters who run the place. They were happy to make a difference in the quality of these children's lives. Then we proceeded to visit the children and were happy to see almost thirty children with smiling faces who were reasonably well dressed. We got to introduce ourselves and they too were quite comfortable with us. We spent a few minutes with them until the "onasadya" that was arranged for them arrived.

We could not get the chance to serve them the food or feed them since their clothes had to be changed and some of them could not eat solid food. We dined along with the sisters, who insisted we have the sadhya along with them although we were interested to serve the food to them and have our share later. The sadhya was a feast to all the senses and the payasam was delicious along with the added happiness we got from spending time with those loving sisters. After we had finished eating our sadhya, we could not wait to be with those happy faces again. We rushed to meet the children who had just finished their food. Many of the children appeared to have multiple physical and mental disabilities. There were separate dormitories for boys and girls and we visited both of them and made sure we mingled with every one of them. We asked about the sadhya and they replied happily that they loved it. Some of them were soon in a sleepy mood and most of them had already dozed off.

Before leaving, we made sure we got a picture with the sister and the little one, Pradeep, who did nothing but laugh and smile loudly at anyone who passed by, which made all of us laugh and cry at the same time. We left by 2pm with so many things to share.

THAIVERU

The NSS unit of SCMS SCHOOL OF ENGINEERING AND TECHNOLOGY (SSET), Karukutty in association with the forest department of Athirapally gave a helping hand to the hillock behind the cattle breeding farm, Thumburmuzhi, which had about 14 debris flows in the past two years during the devastating flood happened in Kerala. In the first phase of the project "Thaiveru", more than 50 bamboo saplings were planted at Konnakuzhy in Pariyaram grama panchayat near Athirapally on September 15, Sunday. The inauguration of the project was done by Mr. N Satheeshan (Forester,SFO) by planting bamboo sapling. Addressing of the gathering was done by Mr. N Satheeshan and Mr. Rakesh A(SSET programme officer) by explaining the positive effects of bamboo plants on controlling landslides. The project was volunteered by about 35 NSS volunteers of SSET and the residents of Konnakuzhy who dug the pits and planted bamboo saplings under the supervision and advice of officers of the forest department. The programme officer Rakesh A expressed an opinion of expanding this project to other NSS units of colleges in the state, thereby lending a hand to protect the mother earth.

Report Conclusion:

The extension activities undertaken during 2019-2020 have been instrumental in fostering community engagement, promoting knowledge dissemination, and enhancing societal impact. Through these initiatives, we have not only enriched the educational experience of our students but also contributed meaningfully to the broader community. Looking ahead, we remain committed to further expanding our outreach efforts and strengthening our partnerships to continue making a positive difference in the lives of those we serve.
