Subject : Offer of Provisional Admission to the August 2019 batch of PG-Diploma in Advanced Computing (PG-DAC) course of C-DAC.

Dear Candidate,

We are pleased to inform you that you have been offered provisional admission at C-DAC, for PG-Diploma in Advanced Computing (PG-DAC) course of August 2019 batch. Your admission will be confirmed upon verification of your certificates.

We congratulate you for this significant achievement. Your enrolment on your own initiative reflects your intense desire to widen your intellectual horizon and to add to your professional standing in the field.

In order to confirm your admission, you are required to pay the balance course fees of **Rs.94,400/- (Ninety Four Thousand Four Hundred Only)/-** by NEFT on or before **August 14, 2019.**

You are requested to report at the following centre for Certificate Verification on **August 19, 2019** at 9:30 a.m.

Dear Mr Autokkaran

Confirmation of Acceptance for Studies (CAS) Document

This document is confirmation that your offer of a place at Cranfield University is unconditional and that we have issued you with a CAS number so that you can apply for a Tier 4 (General) student visa. You will need to use the CAS number below and the University's sponsor licence number on the application form for your visa.

You do not need to provide this document with your visa application but you should check carefully with UK Visas and Immigration to see which documents you do need to provide.

Your CAS number	E4G7VN6G36K0P3
Cranfield University sponsor licence number	H4XU0T7G1
Student information	
Family name (as it appears on your passport)	Autokkaran
Given name (as it appears on your passport)	Nijish Joshy
Nationality	Indian
Passport number	S8717130
Course information	
University reference number	301002
Course title	MSc in Manufacturing Technology and Management
Course level	QCF / NQF 7
ATAS Required	No
Course start date	1 October 2019
Course end date	6 October 2020
Latest arrival date to enrol	28 October 2019
Work placement included in course?	No
Financial information	
Course fee due for first year	£20500
Course fees paid	£0
English language information	
Is Secure English Language Test (SELT) required?	No
Reason not required	Higher Education Institution (HEI) sponsor has made assessment
Course progression information	
Previously a UK student?	No
Evidence we have used to assess your application to Cranfield University	
Certificate - Bachelor of Technology (Mahatma Gandhi University)

INDIEN

Application no. 11447216
Personal code no. 19970308-T159

Understanding your results

Admitted – You've been offered a place in the course/programme.

Reserve – You've been placed on a waiting list for the course/programme. The university will contact you if a place should become available.

Deleted – You haven't been offered a place in the course/programme for one of the following reasons: you were admitted to a programme that you ranked higher and those with a lower ranking have been deleted (you can only be admitted to one Master's programme); you did not fulfil the entry requirements for the course/programme.

Questions

For questions regarding admission, please visit our Support Centre at www.universityadmissions.se/en/faq for contact information.

For questions regarding scholarships that you may have applied for in Sweden, please contact the organisation or university issuing the scholarships.

For questions regarding your residence permit for studies, please contact the Swedish Migration Agency.

For any further information that you require, please contact the university in question.

Appeals

The right to appeal is restricted to decisions regarding general and specific entry requirements; the selection results as such cannot be appealed. The appeal must be made in writing. Instructions for your appeal can be found at Universityadmissions.se at the following link: www.universityadmissions.se/en/appeals.

The best way to submit your appeal is by scanning your documents and uploading them on Universityadmissions.se. You can find instructions under the 'Documents' tab when you log in to your account. You can also submit your appeal by regular post to Appeals, University Admissions in Sweden, R 312, SE-106 53 Stockholm, Sweden.

Please note: letters of appeal concerning the following universities should be addressed to the vice-chancellor of the university: Chalmers University of Technology, Ersta Sköndal Bräcke University College, Stockholm School of Economics, Jönköping University, The Red Cross University College of Nursing, Sophiahemmet University College, Johannelund School of Theology and University College Stockholm.

Your appeal must have reached University Admissions in Sweden no later than three weeks after your receipt of this notification. The university to which you appeal will re-assess your eligibility. If the university concerned chooses not to change its decision, your appeal will be forwarded to the appeals authority for a final decision.

Evaluation of a Digital Displacement Pump in a Load Haul Dump Application

Teknologie masterexamen är en generell examen på avancerad nivå

The Degree of Master of Science (120 credits) is a general degree within the second cycle

Datum för avslutade studier den 7 oktober 2019

The degree requirements were fulfilled 7 October 2019

Noter/Notes

- 1 Betygsskala: Fem (5), Fyra (4), Tre (3)
Grading scale: Pass with distinction (5), Pass with credit (4), Pass (3)
- 2 Betygsskala: Deltagit (D)
Grading scale: Attended (D)
- 3 Betygsskala: Godkänd (G)
Grading scale: Pass (G)

1,5 högskolepoäng motsvarar en veckas heltidsstudier, 30 högskolepoäng motsvarar en termins heltidsstudier.
Denna examen omfattar 120 högskolepoäng.

*1,5 credits correspond to one week of full time studies, 30 credits correspond to one semester of full-time studies.
The scope of this degree is 120 credits.*

Examen har avlagts i enlighet med bestämmelserna i högskoleförordningen (SFS 1993:100) och Rektors beslut.

The degree has been awarded in accordance with the regulations governing Swedish higher education (SFS 1993:100) and the decision by the Vice-chancellor.

www.liu.se/examen

A Master of Science in Mechanical Engineering from Linköping University works with all aspects of development of resource efficient technical systems, complex products and industrial processes.

4.3 Programme details (e.g. modules or units studied), and the individual grades/marks/credits obtained (if this information is available on an official transcript this should be used here)

A Degree of Master (120 credits) is awarded after the student has completed the courses required to gain 120 credits with a defined specialisation determined by each higher education institution itself, of which at least 60 credits are for specialised study in the principal field (main field of study) of the study programme. In addition the prior award of a Degree of Bachelor, a Degree of Bachelor of Fine Arts, a professional or vocational qualification of at least 180 credits or a corresponding qualification from abroad is required.

A requirement for the award of a Degree of Master (120 credits) is completion by the student of an independent project (degree project) for at least 30 credits in the main field of study. The degree project may comprise less than 30 credits, however no less than 15 credits, if the student has already completed an independent project in the second cycle for at least 15 credits in the main field of study or the equivalent from a programme of study outside Sweden.

At least 90 credits (including in-depth studies in the main field of study) of the requirements for a degree of Master (120 credits), must refer to courses at advanced level.

For more information, see Degree Certificate/Official Transcript.

4.4 Grading scheme and, if available, grade distribution guidance

There is no national grading system in Sweden. Higher education institutions may determine which grading system is to be used. For more information, see Degree Certificate/Official Transcript.

According to a decision by the Vice-chancellor, LiU-2019-00920, 11 March 2019, the following translation into ECTS is applied
Two grades given:

The grade Pass is the translation of the Swedish grade 'Godkänd' (Pass)

The grade Fail is the translation of the Swedish grade 'Underkänd' (Fail)

Three grades given:

The grade A is the translation of the Swedish grade 'Väl godkänd' (Pass with distinction)

The grade C is the translation of the Swedish grade 'Godkänd' (Pass)

The grade Fx is the translation of the Swedish grade 'Underkänd' (Fail)

Four grades given:

The grade A is the translation of the Swedish grade 'Fem(5)' (Pass with distinction)

The grade B is the translation of the Swedish grade 'Fyra(4)' (Pass with credit)

The grade C is the translation of the Swedish grade 'Tre(3)' (Pass)

The grade Fx is the translation of the Swedish grade 'Underkänd' (Fail)

4.5 Overall classification of the qualification (in original language)

Not applicable for Swedish qualifications, since no overall grade is awarded for a degree and students are not ranked. For example, Grade Point Average (GPA) and other ranking systems are not used in Sweden.

5. Information on the function of the qualification

5.1 Access to further study

The degree gives access to third-cycle studies (doctoral studies)

5.2 Professional status (if applicable)

The Degree of Master corresponds to the qualification level referred to in point (e) of Article 11 of Directive 2005/36/EC.

6. Additional information

6.1 Additional information

None.

6.2 Further information sources

Linköpings universitet, SE-581 83 Linköping, Sweden

7.3 Capacity Officer of Degree Administration

7.4 Official stamp or seal

Not applicable.

8. Information on the national higher education system

See attached information on the The Swedish higher education system.

The Swedish higher education system

According to legislation after 1 January 2007.

The following description is approved by the Swedish Council for Higher Education.

The Swedish higher education system is based on the Swedish Higher Education Act (SFS 1992:1434) and the 1 January 2007 amendments to the Higher Education Ordinance (1993:100). The following description is a short summary based on the legislation regulating the Swedish higher education system.

Qualifications from all higher education institutions (universities, university colleges and independent higher education providers) that are recognized by the Government are of equal official value. The same legislation governs all state higher education institutions. All Swedish degrees are issued in accordance with the same degree ordinances.

Quality assurance

The Swedish Higher Education Authority has been responsible for the quality assurance system for all higher education since 1 January 2013. For more information, please visit www.uka.se. Evaluation reports are available to the public.

National Qualification Frameworks

The Swedish Higher Education Act and the Higher Education Ordinance have been amended in accordance with the agreements reached as part of the Bologna Process, including the Qualifications Frameworks in the European Higher Education Area (QF-EHEA). Legislation for a three-cycle structure of higher education started to apply in July 2007, and is now the only one in use in all Swedish higher education. Transitional provisions apply to courses and programmes that started prior to this. For more information, please visit www.uhr.se/en or enic-naric.net.

In 2015, the Swedish Government decided on a national qualifications framework (SeQF), based on the European Qualifications Framework for Lifelong Learning (EQF). The SeQF has eight levels that are in accordance with the EQF

levels. Higher education qualifications are at levels six to eight. For more information, please visit www.seqf.se.

Credit system

Sweden has a system of credits (högskolepoäng); a normal 40-week academic year corresponds to 60 credits. The system is compatible with ECTS credits.

Grading system

There is no national grading system in Sweden. Higher education institutions may determine which grading system is to be used. No overall grade is awarded for a degree and students are not ranked. For example, Grade Point Average (GPA) and other ranking systems are not used in Sweden.

Access and admission

There are general and specific entry requirements for access to higher education within all cycles. The specific entry requirements vary according to the field of higher education and/or should be essential for students to be able to benefit from the course or study programme. The number of places is limited on all study programmes and courses.

The general entry requirements for first-cycle studies are the same for all higher education. General entry requirements can be attained by completing an upper-secondary school programme, via adult education at upper-secondary school level or the applicants achieving a comparable level of learning outcomes through other education, practical experience or other circumstances.

The general entry requirements for second-cycle studies are a first-cycle qualification of at least 180 credits, or a corresponding foreign qualification. An applicant may also be accepted on the basis of a comparable level of learning outcomes obtained through other education, practical experience or other circumstances. →

Offer of Admission Letter

Dear Ms Kidangen Paul,

Congratulations - your application to the University of Wollongong was successful. I am pleased to offer you the following:

Master of Computer Science (431)

You have chosen wisely.

The University of Wollongong ("UOW") is consistently ranked among the best educators in the world - the QS World University Rankings, Academic Ranking of World Universities and Times Higher Education World University Rankings have all placed UOW in the 'top 2 per cent of universities worldwide'. For more information, visit: www.uow.edu.au/about/awards.

UOW is also ranked among the best Australian universities for the quality of our teaching, research, graduate employment rates and student experience, and was recently recognised by the Australian Federal Government's Quality Indicators for Learning and Teaching (QILT) ranking UOW graduates as the most skilled in Australia.

We are proud of the reputation the University has established, within Australia and internationally, and build on that reputation every year.

Your written Agreement with UOW is comprised of:

- (1) This Offer of Admission Letter; and
- (2) The document attached to this letter titled "Offer of Admission"; and
- (3) The document attached to this letter titled "Acceptance Agreement - UOW".

If there is any inconsistency between any of the above documents, the following order of precedence is applied to the extent of any such inconsistency:

- (1) Acceptance Agreement - UOW
- (2) Offer of Admission
- (3) Offer of Admission Letter

I look forward to welcoming you to UOW, and wish you every success.

Yours sincerely,

Theresa Hoynes
Director, Student Services Division

Please note: Your official offer of admission is on the following pages. Please keep reading for more information and instructions on how to accept your offer and any conditions of enrolment.

DIPLOMA SUPPLEMENT

This Diploma Supplement model was developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international “transparency” and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

1. Information identifying the holder of the qualification

- 1.1 Family name(s)** Madhusudanan
- 1.2 Given name(s)** Jayasurya
- 1.3 Date of birth (day/month/year)** 24 August 1993
- 1.4 Student identification number or code (if available)** 19930824-1935

2. Information identifying the qualification

- 2.1 Name of qualification and (if applicable) title conferred (in original language)**
Teknologie masterexamen (Degree of Master of Science (120 credits))
- 2.2 Main field(s) of study for the qualification**
Mechanical Engineering
- 2.3 Name and status of awarding institution (in original language)**
Linköpings universitet (Linköping University).
State recognised university.
- 2.4 Name and status of institution (if different from 2.3) administering studies (in original language)**
Not applicable.
- 2.5 Language(s) of instruction/examination**
Mainly English.

3. Information on the level of the qualification

- 3.1 Level of qualification**
Avancerad nivå/Second-cycle QF-EHEA SeQF 7/EQF 7.
For information on the Swedish higher education system, see section 8.
- 3.2 Official length of programme**
120 högskolepoäng (credits)/120 ECTS. Duration of 2 years of full-time studies. A normal 40-week academic year corresponds to 60 credits (högskolepoäng). One credit corresponds to 1 ECTS credit.
- 3.3 Access requirement(s)**
There are general and (additional) specific entry requirements that should be fulfilled for access to higher education within all cycles. The general entry requirements for second-cycle studies are a first-cycle qualification of at least 180 credits, or a corresponding foreign qualification. An applicant may also be accepted on the basis of a comparable level of learning outcomes obtained through other education, practical experience or other circumstances.

4. Information on the contents and results gained

- 4.1 Mode of study**
Full-time equivalent.
- 4.2 Programme requirements**
The Swedish Higher Education Act takes account of 1) courses and study programmes based on scholarship or artistic practice and on proven experience, and 2) research and artistic research as well as development work. Reference to research below also applies to artistic research.

According to the Swedish Higher Education Act, second-cycle courses and study programmes shall (in addition to the requirements for first-cycle courses and study programmes): further develop the ability of students to integrate and make autonomous use of their knowledge; develop the ability to deal with complex phenomena, issues and situations; and develop the potential for professional activities that demand considerable autonomy, or for research and development work. (For further information, see The Swedish Higher Education Act and The Higher Education Degree Ordinance: www.uhr.se/en)

The general entry requirements for third-cycle studies are a second-cycle qualification, or completed courses worth at least 240 credits (of which 60 credits are at second-cycle level) or the equivalent level of knowledge acquired in Sweden or abroad. Furthermore, for entry to third-cycle studies, the applicant must be deemed able to benefit from the education.

Qualifications

All courses, study programmes and qualifications are on one of three levels: first-, second- or third-cycle. In the Higher Education Ordinance, the Government has determined which qualifications may be awarded, as well as their scope, requirements and intended learning outcomes. There are three categories of qualifications: general; the fine, applied and performing arts; and professional qualifications. For some more information, please see below.

General qualifications

First-cycle (SeQF/EQF 6)

Högskoleexamen (Higher Education Diploma) requires 120 credits and an independent project (degree project).

Kandidatexamen (Degree of Bachelor) requires 180 credits. At least 90 credits must be completed in the main field of study, including an independent project (degree project) worth 15 credits.

Second-cycle (SeQF/EQF 7)

Magisterexamen (Degree of Master (60 credits)) requires 60 credits. At least 30 credits must be completed in the main field of study, including an independent project (degree project) worth 15 credits. In addition, the student must normally hold a kandidatexamen, or a professional degree of at least 180 credits, or an equivalent foreign degree.

Masterexamen (Degree of Master (120 credits)) requires 120 credits. At least 60 credits must be completed in the main field of study, including an independent project (degree project) worth at least 30 credits. In addition, the student must normally hold a kandidatexamen, or a professional degree of at least 180 credits or an equivalent foreign degree.

Third-cycle (SeQF/EQF 8)

Licentiatexamen (Degree of Licentiate) requires at least 120 credits, including a research thesis worth at least 60 credits. A higher education institution may decide that a licentiatexamen can be awarded as a separate qualification or as a step on the way to doktorsexamen (see below).

Doktorsexamen (Degree of Doctor) requires 240 credits, including a research thesis (doctoral thesis) worth at least 120 credits. The thesis must be presented at a public defence.

Qualifications in the fine, applied and performing arts

Qualifications in the fine, applied and performing arts are awarded at all three cycles and corresponding SeQF levels. At first-cycle level: konstnärlig högskoleexamen (Higher Education Diploma) and konstnärlig kandidatexamen (Degree of Bachelor of Fine Arts). At second-cycle level: konstnärlig magisterexamen (Degree of Master of Fine Arts (60 credits)) and konstnärlig masterexamen (Degree of Master of Fine Arts (120 credits)). Two third-cycle qualifications are awarded: konstnärlig licentiatexamen (Degree of Licentiate) and konstnärlig doktorsexamen (Degree of Doctor).

Professional qualifications

Professional qualifications are offered at either first- or second-cycle level and corresponding SeQF levels. These qualifications may stretch over two cycles and are awarded in areas that include engineering, health care, agriculture, law, and education. Professional qualifications are regulated by national legislation and are considered regulated education subject to the Professional Qualifications Directive 2005/36/EC.

Titles of qualifications

Translations into English of all titles of qualifications are regulated at the national level. Higher education institutions may decide to add a prefix to a qualification title e.g. filosofie kandidatexamen or medicine doktorsexamen or/and add a major field of studies e.g. civilingenjörsexamen i maskinteknik.
