Dear Sir,

As per the discussion with the Principal and you in January, we are ready to start the aptitude training sessions for the 2020-24 batch (S6) students of SSET. We envisage to complete 5 or 6 days of training during this semester.

We had suggested the date 22 Feb 2023, Wednesday to the Principal as the starting date for the training session. She has given us the go ahead and asked to discuss with you and take it forward.

In the current S6 batch we have 373 students and we shall group them into 6 batches. The suggested grouping has been detailed in the proposal dt 18 Nov 2022 which I have attached once again for your reference.

It would be great if possible if we could conduct all the classes in the Admin block itself so as to minimise logistical delays and inconveniences.

Looking forward to hear from you,  
with regards  
Kishan Kumar

Dear Madam,

The aptitude training programme conducted by Konfidence for the 2020-24 B.Tech and 2022-24 MCA batches was scheduled on the 16th and 23rd of March 2023. It seems that 23rd March the students from ECE, EEE, and AU branches are going for an Industrial visit as per the information received from the concerned branches.

After discussing this matter with the HOD's 30th of March seems to be the only possibility and got confirmation from Mr. Kishen, Konfidence

Kindly grant us permission to reschedule the date from the 23rd to 30th of March 2023.

Thanks and Regards,

Dear Sir,

We take this opportunity to thank you and the management of SSET for the continued patronage of our offerings. As you know, our firm Konfidence is a Kochi based service provider operating in the field of guiding students towards better careers.

Based on our discussion, we are herewith sending a proposal for the aptitude training for the 2024 pass out batch students of SSET. Kindly take a few minutes to go through the details.

Please feel free to call us in case of any clarification.

With regards,

Kishan Kumar VL,  
Konfidence.

## Details of the proposed 10 Day Aptitude Training program

The aim of our training program shall be to orient the students to take a Professional and Clinical approach to aptitude tests. The training will cover topics and concepts in Logical (Reasoning) Ability, Quantitative Ability and Verbal Ability and orient the students towards performing well in aptitude tests.

### ▪ Topics and Concepts Covered

There are about 40 to 50 important topics from which questions predominantly appear in aptitude tests. The number of topics that shall be covered and in what depth each of them shall be covered would depend on the program duration and capability of the students. The list of topics that shall be covered in a typical 10 day training program is given below.

#### Quantitative and Logical Ability Topics

# Analogies	# Figure Based Reasoning	# QL Deductions
# Analytical Reasoning	# Geometry	# Ratios and Age based algebra
# Averages	# Number Based Questions	# Simple & Compound Interest
# Blood Relations	# Number Series	# Syllogisms
# Coding Decoding	# Percentage Basics	# Time and Distance
# Data Interpretation	# Permutation Combinations	# Time and Work
# Data Sufficiency	# Probability	# Venn Diagrams
# Direction Sense	# Profit and Loss	

#### Verbal Ability Topics

# Articles	# Prepositions	# Subject Verb Agreement
# Critical Reasoning	# Reading Comprehension	# Tenses
# Parajumbles	# Sentence Correction	# Vocabulary

The above list of topics is an indicative set of topics for a typical 10 day training program. If there is any specific requirement, we shall make modifications accordingly. As discussed during our earlier meetings, we shall offer a couple of sessions on Interview preparation and Resume preparation as well.

**Training towards approaching aptitude tests.**

Performing in Aptitude test papers involve more than knowing the test areas. Success (or a better score) would depend a lot on the real time decisions that one takes during the actual test. During the training, we empower the students with techniques and ways to improve the performance in aptitude tests.

In a nut shell we look at - “How to approach the aptitude test for better results?”

- **Aptitude Tests** designed in tune with screening tests of companies will be administered during the program. Detailed Reports and Analysis based on the test results shall be shared with the placement cell and the students through our online portal.

- **Competent resource personnel** will offer the course  
Konfidence has a team of faculty members who are well versed in the area of aptitude training. These faculty members will be handling various sessions for the batch.

**Program Duration and Dates**

The total duration of the proposed training program shall be 10 days of 6 hours each.

The 10 days shall be offered as

2 days in 5<sup>th</sup> Semester (Phase 1)

4 days in the 6<sup>th</sup> semester (Phase 2) and

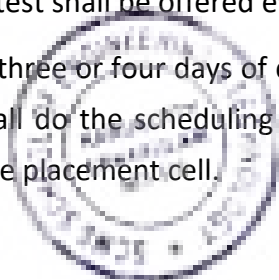

4 days in the 7<sup>th</sup> semester closer towards placements (Phase 3).

The dates of the training program shall be finalised as per mutual convenience.

**Mock Tests using PraKtiz:**

In order to get the full benefit of the training the students should apply their learning in exam situations. Mock practise Tests shall be offered through our online test taking platform - “PraKtiz”. One online test shall be offered every week.

We shall start this process after three or four days of classes. A total of 25 tests shall be offered to the students. We shall do the scheduling and management of the process and pass on weekly reports to the placement cell.

**Operational Aspects of the Proposed Training program:**

The 2024 pass out batch at SSET has 373 students for the training

{ AU (18); CE 1 (44); CE 2 (29); CS 1 (63); CS 2 (66); EC (40); EE (9); ME 1 (42); ME 2 (32); MCA (30) }

Our suggestion is to offer the 10-day training split into 3 phases as

Phase 1: Two days in their 5<sup>th</sup> Semester (November – December 2022)

Phase 2: Four days in their 6<sup>th</sup> Semester (February – April 2023)

Phase 3: Four days in their 7<sup>th</sup> Semester (July – September 2023)

The students shall be grouped into 6 batches of about 60 to 65 students each and training shall be offered to these 6 batches simultaneously. Based on the student count in each branch, we suggest the following grouping for the training sessions.

Batch 1: AU (18) + ME 1 (42) = 60 students

Batch 2: CE 1 (44) + EE (9) = 53 students

Batch 3: CE 2 (29) + ME 2 (32) = 61 students

Batch 4: CS 1 (63) = 63 students

Batch 4: CS 2 (66) = 66 students

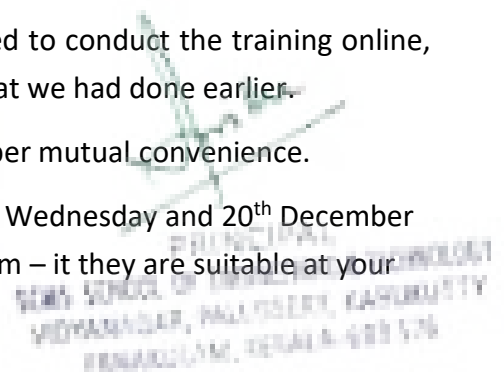

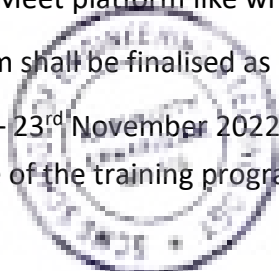

Batch 6: EC (40) + MCA (30) = 70 students

Normal classroom with a board and the required seating capacity is the best place to conduct the face-to-face training. We shall bring the necessary course material and test booklets for students to work out. For administering the pencil and paper tests, we require additional classrooms or to spread the students into an exam mode. If the test is to be offered online, there should be access to the computer lab or students should have individual laptops with internet access.

If by some reason a need arises wherein, we are forced to conduct the training online, we shall offer it through Google Meet platform like what we had done earlier.

The dates of the training program shall be finalised as per mutual convenience.

We suggest the following dates – 23<sup>rd</sup> November 2022, Wednesday and 20<sup>th</sup> December 2022, Tuesday for the first phase of the training program – it they are suitable at your side.

▪ **Financials and Billing:**

The training sessions shall be billed at Rs 2,000 per hour per batch.

For the First phase of 2 days, the projected bill for the training would be  
6 Batches X 2 Days X 6 Hours per Day X Rs 2,000 per Batch per Hour = Rs 1,44,000

For the Second phase of 3 days, the projected bill for the training would be  
6 Batches X 3 Days X 6 Hours per Day X Rs 2,000 per Batch per Hour = Rs 2,16,000

For the Third phase of 5 days, the projected bill for the training would be  
6 Batches X 5 Days X 6 Hours per Day X Rs 2,000 per Batch per Hour = Rs 3,60,000

Payment for the training shall be made in favour of  
Konfidence pro rata after completion of each phase of the training.

For the weekly Online Tests using Praktiz, the billing shall be done at a rate of Rs 225 per student taking the tests (for the 25 test series). Assuming 240 students taking the tests, this would roughly translate into Rs 225 x 240 students = Rs 54,000.

The payment for the online Praktiz tests shall be made in favour of  
Konfidence Education by the end of the placement season.

Please feel free to discuss in case of any issue or clarification.

Looking forward to offering our services to SSET students,

With regards

Kishan Kumar VL,

Dear Ms Gopika Ganga Nair,

Greetings from your Alma mater.

As Mrs Asha Prabhakar had discussed with you, we are indeed privileged to have you on 26-7-22 at 6.30 pm for a motivational session on "Career Options after B Tech" with our students. It would be a great experience for our students to hear from you about the challenges they have to face when they step into the corporate world as well as the expectations from the corporations from the students.

Thank you very much for your willingness to spare your valuable time for our students.

Dear Ms Gopika Ganga Nair,

Greetings from your Alma mater.

As Mrs Asha Prabhakar had discussed with you, we are indeed privileged to have you on 26-7-22 at 6.30 pm for a motivational session on "Career Options after B Tech" with our students. It would be a great experience for our students to hear from you about the challenges they have to face when they step into the corporate world as well as the expectations from the corporations from the students.

Thank you very much for your willingness to spare your valuable time for our students.

Regards,

Jayanand B,  
Placement in Charge,  
SCMS School of Engineering and Technology,

## SCMS SCHOOL OF ENGINEERING AND TECHNOLOGY

Vidya Nagar Palissery, Karukutty

### NOTICE

15th October 2022

The "Bhavishya Induction Programme," organized by ICTAK, Thiruvananthapuram, is specifically planned for the first-year students. This program aims to provide insights and guidance for a successful transition from academia to the professional world.

- Dates: 27th October 2022 & 28th October 2022
- Venues: Administrative block

The sessions will cover various aspects, including industry expectations, career opportunities, and skill development strategies. It's an excellent opportunity for you to interact with industry experts and enhance your understanding of the professional landscape.

All B.Tech S1 students are highly encouraged to participate actively in this induction program to gain valuable insights and prepare for a successful career ahead.
