the safeguarding of information, and (c) IBM's corporate directives, including, without limitation, policies and information technology security standards issued from time to time as well as the IBM Business Conduct Guidelines as amended from time to time.

5. I hereby assign to IBM my entire right, title, and interest in any idea, concept, technique, invention, design (whether the design is ornamental or otherwise), computer programs and related documentation, other works of authorship, mask works, and the like (all hereinafter called "Developments"), hereafter made, conceived, written, or otherwise created solely or jointly by me, whether or not such Developments are patentable, subject to copyright or trademark protection or susceptible to any other form of protection which: (a) relate to the actual or anticipated business or research or development of IBM or its subsidiaries or (b) are suggested by or result from any task assigned to me or work performed by me for or on behalf of IBM or its subsidiaries.

If, by operation of law such right, title, and interest in Developments vest in IBM upon creation, I acknowledge that such right, title, and interest belong to IBM. Also, I hereby assign to IBM my entire right, title and interest in any such Developments that were or are suggested by or a result of any task assigned to me or work performed by me for or on behalf of any entity that IBM acquired or in which IBM purchased a controlling interest to the extent that any such right, title and interest is not already owned by said entity.

In the case of any "other works of authorship", such assignment or ownership shall be limited to those works of authorship which meet both conditions (a) and (b) above.

California Notice: For Developments subject to California law, notwithstanding anything above to the contrary, I understand that this assignment does not apply to a Development which qualifies fully under the provisions of Section 2870 of the California Labor Code. The above provisions concerning assignment or ownership of Developments apply to Developments created while employed by IBM in an executive, managerial, professional, product or technical planning, technical, research, programming, or engineering capacity (including development, product, manufacturing, systems, applied science, and field engineering) or otherwise.

The assignment of Developments in this Paragraph 5 shall exclude any Developments in which I have a right, title, or interest and that were, prior to my employment with IBM, (1) conceived and/or made solely or jointly by me; (2) written wholly or in part by me; or (3) expressly stated in an agreement that I executed with another party which precludes an assignment to IBM (collectively, these exceptions to assigned Developments hereunder shall be known as "Excluded Developments"). Further, I acknowledge that I will not use or cause to be used, any Excluded Developments in IBM's business, research or development without a written or email authorization to do so from both my first and second line manager. For the avoidance of doubt, Excluded Developments shall not comprise any Developments that were or are suggested by or resulted from any task assigned to me or work performed by me for or on behalf of any entity that IBM acquired or in which IBM purchased a controlling interest, unless assignment of my right, title, and interest in the Development is governed by an agreement executed prior to my IBM employment.

I hereby identify any and all Excluded Developments which are not published in a searchable public database (e.g. United States Patent & Trademark Office). In the following table I have provided a brief non-confidential description that sufficiently identifies the Excluded Development (e.g. title of publication), the creation date of the Excluded Development, and to the extent my rights to the Excluded Development are governed by an agreement, the other named party to the agreement and the date the obligation terminates.

If I do not have any Excluded Developments to declare I have left the following table blank or have written "None," "Non/Applicable," or a similar designation.

Description of Excluded Development	Date Created	Named Party/Termination Date

Additional pages may be attached, as appropriate to identify other Excluded Developments, if any. IBM requires you to disclose Excluded Developments in this Paragraph 5. If you wish to interest IBM in any Excluded Development, you may contact the Intellectual Property and Licensing Department at Corporate Headquarters, which will provide you with instructions for submitting it to IBM.

6. In connection with any of the Developments assigned by Paragraph 5: (a) I will promptly disclose them in writing to the IBM

Intellectual Property Law Department; and (b) I will, on IBM's request, promptly execute a specific assignment of title to IBM or its designee, and do anything else reasonably necessary to enable IBM or such designee to secure a patent, copyright or other form of protection therefore in the United States and in other countries. In addition, I agree to promptly notify the IBM Intellectual Property Law Department in writing of any patent or patent application in which I am an inventor but which is not assigned by Paragraph 5 and which discloses or claims any Development made, conceived, or written while I am employed by IBM. I also agree to promptly notify the IBM Intellectual Property Law Department if, after I leave the employ of IBM, I am contacted by anyone or any entity outside of IBM regarding any transaction, legal or governmental proceeding, litigation or other legal dispute concerning or relating to any of the Developments assigned by Paragraph 5.

7. IBM and its licensees, successors, or assigns (direct or indirect) are not required to designate me as an author of any Development which is subject to Paragraph 5, when it is distributed, publicly or otherwise, or to secure my permission to change or otherwise alter its integrity. I hereby waive and release, to the extent permitted by law, all rights in and to such designation and any rights I may have concerning modifications of such Developments.

I understand that any rights, waivers, releases, and assignments herein granted and made by me are freely assignable by IBM and are for the benefit of IBM and its subsidiaries, licensees, successors, and assigns.

8. I agree that IBM, its services providers and other third parties authorized by IBM will collect, use, store, make available to those who have a need-to-know, and otherwise process my personal information to establish, maintain and terminate my employment relationship with IBM and for other legitimate business purposes, anywhere in the world. Such personal information, whether provided to IBM, its service providers, or third parties directly by me or otherwise gathered, includes my name, photo, contact information, skills, compensation, performance, usage of IBM assets, background check results, bank account information, and disability or medical information.

I will not use for unauthorized purposes nor share with any unauthorized parties, either during or after my employment, any personal information about others to which I may have access during my employment at IBM.

IBM provides numerous opportunities for social computing through blogs, wikis, social networks, virtual worlds and other social media. I agree to comply with all IBM policies and practices regarding use of social computing tools and I understand that I am personally responsible for the content I post on any social computing tools (whether on IBM's internal platforms or on third party sites) and that any information I post, including any of my personal information, may be made broadly available to others, potentially inside or outside IBM, who have access to these tools.

9. The term "subsidiaries," as used in this Agreement, includes any entity owned or controlled, directly or indirectly, by International Business Machines Corporation.

10. The term "employment at will," as used in this Agreement, means the employment at the mutual consent of both me and IBM. Accordingly, either IBM or I can terminate the employment relationship at will, at any time, with or without cause or advance notice. However, this clause does not relieve me of my responsibility to serve the notice period in accordance with my terms of employment, in the event of my resignation from the services of IBM.

11. This Agreement supersedes all previous oral or written communications, representations, understandings, undertakings, or agreements relating to the subject matter hereof, except as expressly agreed otherwise by IBM in writing upon my hire or transfer of employment to IBM. Any waiver of a term in this Agreement and any amendment to this Agreement may only be made in a writing signed by the Senior Vice President of Human Resources for International Business Machines Corporation and myself.

12. This Agreement shall be governed by the laws of India. If any provision of this Agreement is unenforceable at law, the remainder shall remain in effect. I recognize that any violation of my obligations described herein would cause IBM to suffer irreparable harm and can result in disciplinary action, including dismissal from IBM, and any other appropriate relief for IBM including money damages, equitable relief and attorneys fees.

13. This Agreement shall constitute a part of my terms of employment with IBM, and is executed contemporaneously with my offer of employment/ employment contract with IBM.

1. Voluntary Superannuation Policy (VSS)

Wipro Voluntary Superannuation Plan offers an easy and convenient way to help you lead a happy and tension free life by planning your retirement. Starting contribution to pension plan at an early age gives you enough time to contribute towards building your retirement corpus and leverage the compounding interest earned by the corpus year on year. You simply have to choose the scheme that suits your investment horizon and risk tolerance.

A voluntary defined contribution Plan wherein you will have an option to enroll and choose your Pension Service Provider (PSP) within 30 days from the date of joining the company.

We currently have tie-ups with two leading PSPs to manage the superannuation funds. LIC & ICICI offer a superannuation scheme which offers interest on accumulated balance every year. ICICI Prudential also has an Unit Linked Superannuation scheme which offers you a market linked return, range of fund options to suit your risk appetite & transparent fund management.

The enrollment option can be exercised only once in the service with the organization and cannot be reversed once made. VSS enrollment window period will, also, be available once every financial year. The Company, on behalf of the member employee, shall contribute 15% of basic salary, towards the scheme selected by the member. In case 15% of basic exceeds Rs.1,50,000 per annum, member employee will have an option to restrict the contribution to Rs.1,50,000 per annum to avoid perquisite tax (perquisite tax is applicable on contributions exceeding Rs.1,50,000 every year).

Annual pension contribution amount is re-adjusted from fixed cash component and will reflect under 'Pension' component in the salary stack of the enrolled member. The accumulated contribution amount and the interest earned (or the corpus) can be utilized to avail the retirement benefits.

For further clarity, please refer the Policy on My Wipro -> My Information Sources > India -> My Financials-> Deferred Benefits-> Voluntary Superannuation Scheme. After reviewing the related documents if you wish to enroll into VSS, please log onto My Wipro-> My data->My Financials-> Pension, and exercise the option within 30 days of joining the Company. In case you miss enrolling into VSS in this window period, you can do the same in the window period that is available for all employees once every financial year.
