Dear Bhavya Jinaraj,

Congratulations!

Based on your application and interviews, we are interested in taking forward your candidature with IBM India Pvt. Ltd. For nearly 100 years, IBM has made an extraordinary impact on the world. This is your opportunity to work with a dynamic organization and make a difference in the way the world works.

You may have an opportunity to undergo an IBM Orientation Program specially designed for all college campus hires which will be conducted at your college or external premises. This training is to enable you to acclimatize to the industry and refresh your technical skills. These are voluntary programs, and you may also opt to ensure that your technical skills are up to date, on your own initiative. Should you choose to undergo this program, a separate communication with terms and conditions may be issued to you in this respect.

You may be required to clear additional assessments to the satisfaction of IBM, before a formal offer of employment is issued.

We are very pleased to provide this Expression of Interest, which reiterates our intention to hire you, subject to successful completion of our normal pre-recruitment processes (including a background check & prescreening, if applicable). After you provide other information, supporting documents and successfully meet our requirements, we propose to issue a Formal Offer Letter to you.

Please note this Expression of Interest is neither an offer nor a legally binding contract of employment. The Expression of Interest shall remain valid until the earlier of date of the Formal Offer Letter or nine months hereinafter.

If any information supplied by you in your application or during the selection process is found to be unsatisfactory, incorrect or false and/or if you suppress material information regarding your qualifications and experience, IBM reserves the right to revoke this Expression of Interest without notice. IBM's decision in this respect shall be final.

The terms of Expression of Interest are strictly between you and IBM. Please treat this information as personal and confidential.

We look forward to the opportunity to work with you and hope to convert this Expression of Interest into a formal fixed term employment relationship between you and IBM upon the successful completion of all pre-recruitment procedures.

COVID-19: IBM Initiatives for Employees and Communities

As we navigate the COVID-19 pandemic, IBM has taken a series of initiatives to help and support our employees and their family members in this challenging environment. The health and safety of IBMers, partners, and clients is our top priority.

We have put together a comprehensive support plan for our employees and their families to tide through this pandemic.

Employee Well-being and Safety

- **Vaccination for all IBMers:** Vaccination camps will be opened (in line with Government regulations and availability of vaccines) in all major cities with IBMer populations. IBMers and their family members will have the option of getting vaccinated at hospital centers or camps at selected IBM locations. We are working closely with the concerned authorities on this
- **Dedicated 24X7 Medical Helpline with Portea:** IBM has launched a dedicated helpline through Portea Health Care Services - for a variety of services including doctor consultation, medical/home care services, and testing services. This helpline is the first point of contact for support for any medical help.
- **Access to Oxygen Concentrators**
IBM has procured oxygen concentrators to support IBMers and their family members. We have partnered with Portea Health Care Service to deploy these oxygen concentrators across Bangalore, NCR (Delhi, Gurgaon, Noida), Kolkata, Chennai, and Hyderabad.
- **Eldercare Support with Samarth:** IBM has partnered with Samarth, one of India's leading organizations supporting the elderly by creating a COVID care system. Samarth will help the elders deal with the pandemic by providing 24/7 emergency assistance, home care resources, medicines, doctor tele-consultations, food services, oxygen, and requirement for other equipment as needed.
- **COVID Care Center:** We have worked with Apollo Hospital to offer medically supervised "step down" facilities at designated hotels in every major city where IBMers and immediate family members can quarantine in case it's not feasible at home.
- **Emergency Transport for Medical Needs:** We are offering an emergency transport facility 24x7 for medical requirements for both employees and their immediate family members who are COVID-19 positive (for transport to a medical facility) and those who are COVID-19 negative (for procuring medical supplies or attend to impacted family members).
- **Additional Insurance Coverage:** IBM is providing additional insurance coverage for each insured employee and their covered dependents (spouse and children) for up to Rs. 5 Lakhs per member covered.
- **Meal Delivery Service**
We have tied up with HungerBox for the delivery of freshly prepared meals, ensuring the highest levels of hygiene and safety measures. The service is currently available in Bangalore, NCR, Hyderabad, Chennai, Kolkata, Mumbai, Pune, and Vishakhapatnam.

Leverage the Power of Tech for good

- **COVID Assist:** We have launched COVID Assist, a Watson Assistant powered AI bot, to channelize the requests around critical resources such as ambulance, oxygen, medicine, hospital beds, in an efficient manner. It will also help you connect with the IBM Squad volunteers on ground.

Mobilizing the collective power of the IBMers

- **IBMer volunteer COVID squads :** We have organized squad groups staffed by IBMer volunteers to take service requests and match them to verified sources of available resources - Hospital Beds, ICUs, Oxygen requirements, ambulances, medicines, and more. With over 2000 volunteers already signed up, this is really making a difference to quickly triage requests and ensure that needs are matched to resources available nationally.
- While we do this, employee health and well-being remain a key priority for us. We have set up several **employee support groups across cities** to provide employees with a platform to discuss issues, challenges, concerns and coping mechanisms such as managing stress, staying active and promoting self-care. Covid Warrior stories to energise teams.
- IBM has partnered with [United Way of India](#) to drive an employee giving campaign. Employees can donate financially to the NGO and they in turn are working with several partners at the ground level to provide critical and emergency care for the community.
- IBMers are volunteering to become first responders on Covid-19 helplines through a collaboration with [StepOne](#). StepOne is an NGO having an interface with 18 state governments and is helping to train & deploy volunteers to respond to queries on the government helpline.

Leveraging our voice and influence to rally global support

- IBM is playing a key role in **Global Task Force on Pandemic Response** launched by the [US Chamber of Commerce](#) to aid India and other Covid-19 Hot-Spots. This includes Sourcing, shipping and delivering 1,000 ventilators; 25,000 oxygen concentrators and working with local partners to fund emergency hospital beds in communities where our teams live and work.

In addition, we are also closely engaged with the government and government agencies in India to offer our support and we are ready to do more.

Given the dynamic pandemic situation, IBM is constantly revising and updating any initiatives it has put in place to respond to the pandemic, And any of these programs and policies may be changed or withdrawn by IBM at its sole discretion. Please reach out to your HR contact to understand the current measures in place at IBM.

Dear Professor,

Hope you and your loved ones are doing well.

We are happy to share the list of students from your institute who have cleared the pre-placement interviews that were conducted based on a student's performance. Please refer to the attached excel sheet for the list.

These students have been offered one of the three entry-level roles at Infosys: Systems Engineer (SE)/ Digital Specialist Engineer (DSE)/ Specialist Programmer (SP).

Students who have been offered Specialist Programmer role will not be considered for Power Programmer/Digital Specialist Engineer Campus event which is going to be held on 8th & 9th August as they have already received the top role on offer.

We will share the results for the Digital Specialist Engineer (DSE) and Specialist Programmer (SP) roles with the students on 5th August. Kindly let us know by end of day, in case there are any reservations with the release of offer communication.

This list is inclusive of students who might have appeared in the PPI for a higher role (SP/DSE) but were offered a role that is at par with the assessment of their skills during the interview.

The results of HackWithInfy 2021 – Finalists, will be declared on the Grand Finale scheduled on 23rd August, 2021

Please note, this is a conditional job offer subject to background verification of the candidate.

For any queries, please reach out to me.

We look forward to your continued support.

Dear Madam,

Thank you very much for your consent in arranging a separate interview for our students who are already placed, but given the consent that they would join only UST, if selected. The two students who gave consents are

1. Gracius Baby (CID : 26675825) and
2. Akhil Paulson (CID : 26684072).

We will be grateful if these students are also interviewed.

Regards,

Jayanand B,
