Annual e-Governance Report 2017-2018

Overview

Our goal in this area is to create a comprehensive e-Government system that will enable easy integration with the operations of various organisational units and offer hassle-free services to all of its stakeholders.

Administration

Implemented software by Linways which led to streamlining of leave management, admission process, grievance redressal and student class allocation.

Finance and Accounts

The college is using Linways for salary disbursement and student fee collection.

Student Admission and Support

The college is using an admission module from Linways and a separate admission software Meritto.

Examination

All Continuous internal evaluations are done in Linways and marks are uploaded and published for the students to view. The e-governance platform for APJ Abdul Kalam Technological University is used for the conduct of the external examinations. The proceedings of all examinations are under CCTV surveillance.
