7.1.8: Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities.

The institution believes in the equality of all cultures and traditions and is striving to make an inclusive environment a reality. The initiatives are designed for imparting better education, economic upliftment of the needy and fostering communal harmony.

As part of this initiative, 75 of our employees attended an AICTE-sponsored FDP on **Inculcating Universal Human Values** in Technical Education from August 2020 to October 2021 as part of imbibing these into our students. Human value education is a planned educational programme that aims to provide quality of life and sustained development in society by providing direction and firmness to life, bringing behavioural changes toward positivism, and promoting peace and harmony in individuals and society.

SSET's Automobile Engineering students along with Young Indians which is a part of CII, organises **HNOP CAMPAIGN** – Horn Not Ok Please, a community driven campaign against unnecessary Vehicle Honking.

Save a Tree, a campaign to nurture and protect trees, is organized regularly by the NSS unit.

At Thiruvairannikulam Temple, the NSS unit launched the **Green Protocol** campaign, which aimed to clean the premises and make it a plastic-free zone. Students from various cultures and beliefs, as well as residents, initiated the activity with great enthusiasm.

The Institute provides ample opportunities for faculty and staff also to showcase their talents. During Onam, Christmas Celebrations staff and students put forward their programs in singing and dancing.

Every year on November 1st, students and staff members dress up in traditional attire and celebrate **Kerala Piravi Day** to promote religious harmony and secularism.

Table 1: Inclusion and Situatedness - Some of the initiatives taken to engage with and contribute to local community

Year	Sl No.	Date/s	Duration	Name of initiative
2016-17	1	08-01-2017 to 08-04-2017	3 months	Estimation of Non-Revenue water in Meloor Panchayath
2017-18	2	Feb 4-10, 2017	5 days	Assessment of water use efficiency in Chalakkudy river diversion scheme
	3	29-12-2017 to 9-1-2018	12	Execution of green Protocol At Thiruvairanikulam Temple Mahotstav In association with Haritha Kerala Mission, Suchitwa Mission, Pollution Control Board, Sreemoolanagaram Grama
