Dear Sir,

Sub: - Request for permission of student team participation in Kerala Live Dance and Music contest 2019

I request you to grant permission for forming college team (Dance and Music) to participate in the Kerala Live Dance and Music contest 2019. This is a state level competition involving different levels of selection and the final event will be taking place in the Durbar hall ground which will be covered by print and display media of Kerala.

These teams have to be registered under a faculty of the institution and the communication will be only send between the faculty member and organizing committee, hence I request you to assign a faculty member for the same.

Any activity pertaining to this contest will be organized after 4:40 pm without compromising the academics of the participants.

Mammootty's "MY TREE CHALLENGE" paves way to new ideas in nature conservation. We ;the students of SCMS School of engineering and technology, Angamaly, Ernakulam, put forward a new concept ; " THE LIFE CHALLENGE " ,incorporating " My tree challenge ". This venture was inaugurated by SUNNY WAYNE ; the rising star of Malayalam film industry on October 1st 2014 on behalf of the SSET Union Inauguration entitled " PARINAM 2K14 "

The life challenge is an endeavour composed of a bunch of acts and ideas; brought out to enhance the harmony and serenity of life; which once existed and is now deteriorating.

To give back what was lost to earth; to save nature; to save ourselves....

The venture is put forward with the objective of preservation of nature and enhancement of quality of life.

It also encourages oneself to take up a number of events in the life challenge and challenge others to do so.

'Challenge for the best; among the better '

The events in life challenge apart from the 'my tree challenge' in a nutshell:

- The better side; being Water wise
- Go green
- The practical in conservation of energy.
- Organ donation and transplantation.

- Healing nature
- No to drugs
- Eat right, save earth.

As a part of the challenge; we challenge IIT Kanpur, IIT Madras ,IIT Karagpur, NIT Calicut, CET, all GECs and other engineering colleges across kerala like FISAT, Rajagiri, Model Engineering college, Mar Athanasius etc... to perform maximum number of events in the LIFE CHALLENGE (mentioned above).
We heartly welcome new concepts to this venture.

BLOOD DONATION

As a part of the LIFE CHALLENGE ; The website is looking forward to be a platform ; to act as an e- virtual blood bank.

For this purpose; a complete collection of blood groups of all the students of the college is done and is made into a database form and is exhibited in an organized manner ; making it available to selected hospitals; ensuring no misuse.

This act is put forward as a result of study of students regarding blood donation ; where it was known that this endeavor shall be extremely beneficial to hospital authorities at times of trauma and emergency.

In the subsequent stages of the ' LIFE CHALLENGE ' ,with advancement in ideas and participation ; the blood group collection shall be extended to a wider public. Also, it is expected to include the physical health conditions of the individuals in the data section.

More opinions shall be collected from experts in this field and shall be put into practice considering the practical difficulties and new scopes in the section of BLOOD DONATION.

In the further stages , a suggestion centre ; which is an interactive arena for the philanthropists, social workers and other kind hearted people to suggest, execute and provide ideas in the direction towards blood donation.
