Dear Placement team,

The current pandemic is hitting us all badly with the second wave. We sincerely hope that you all are doing well and staying safe. We are delighted to inform you about our **Campus to Corporate plan for 2021**.

We are very happy with the capabilities and calibre of the students in your esteemed organization and are looking forward to building our company's future along with their individual careers.

We will be kicking off the joining formalities for the campus batches on **1-JUNE-2021**. There were some concerns raised by few colleges last year that companies were not honoring committed joining dates for selected students even after offers were rolled out. H&R Block however has had an excellent track record on honoring the offers made to selected students all the times and had successfully onboarded all the students on the communicated day. Even last year scenario was not supporting due to covid pandemic spread and we were on virtual / work from home status. However we facilitated the virtual onboarding and training program for the selected students on time and ensured they are inducted with our systems effectively and make them successful with the job / career.

We plan to continue the same this year too. Please communicate the same to the students placed in H&R Block and we expect to have them on our team effective **1-JUNE-2021**. That means the selected students are on 100 % engaging the organization training program from their joining date. There may be some exceptional cases where the students were yet to complete their final exams and we had allowed them a weekly off / break during the examinations. We need your support in managing the semester criteria's if any for those students pending while they are joining us on 1-June-2021 and provide exceptions for a good cause of kick starting their career with H&R Block.

Please let me know if you need further information on this or if you have any specific queries on the overall process.

We shall be connecting with the placement team for the 2021-2022 campus hiring by September 2021 after the training of the current batch is complete.

Regards

Dear Sir,

We have received the communication from Infosys for conducting the campus placements. I believe the online test and interview would be scheduled after two or three weeks. We have already started training on interview and group discussion which is done personally by me.

It is also very important to give the final training for clearing the aptitude test. The main modules of the training by Konfidence on Quantitative Aptitude, Logical Reasoning, Verbal Ability and the Infosys pattern training are pending.

Kindly look into this matter at the earliest so that we will have good number of students clearing the aptitude test this year also. We can plan the training only for the eligible and interested candidates and the new training proposal from Konfidence is much better.

Looking forward to hearing from you soon,
Thank you,
Varun

Following up on my last email to you, I am excited to announce that it is finally time to reveal to you our brand-new plan for the batch of 2021!

We have two exciting news for your students:

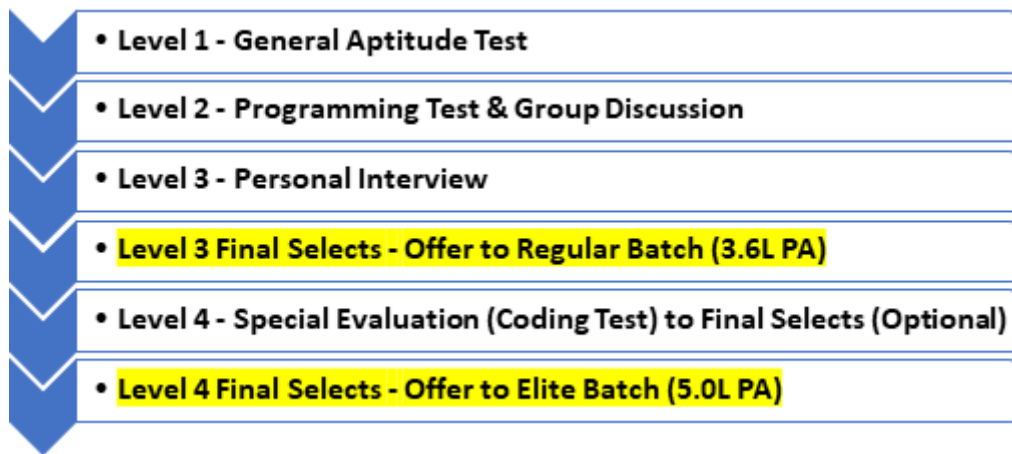

1. Removing the Mandatory Service Commitment Agreement for 2 years

We have decided to **revoke** the mandatory Service Commitment Agreement(bond) for 2 years that existed for the Fresh Campus recruits from colleges with effect from the 2020 batch. So, the upcoming batches shall not have this condition on joining Experion.

2. Announcing 'Elite' Batch

All of us know that colleges produce varying levels of talent - while everyone has the potential to be good, there are a select few who are exceptional, and we want to ensure that exceptional talent does not slip away from our talent pool. And so, from this year on, we are thrilled to inform you that we will be hiring not one, but **two batches of students** from your college. The **Regular Batch** will join at our standard CTC of **INR 360,000 per annum** and has the same benefits and perks as all other new joiners. The second batch, one that will have the most exceptional talent we find, which we will term **Elite Batch**, will have a higher CTC of **INR 500,000 per annum** and a fast-tracked training program and subsequent project allocation. We intend to conduct campus interviews as usual and will follow it up with a Special Evaluation Test to mark the difference in the selected candidates. Those that can crack our Special Evaluation Test will automatically find themselves in the Elite batch, with all its additional perks.

Here is a nutshell of the selection process to our Regular and Elite Batches:

As informed earlier, the **Experion Virtual Campus Selection process** shall be conducted on **Tuesday, 15th December**.

We request you to circulate this news among your student community and send the additional list latest by 6:00pm tomorrow(10th December) in case more students are interested to participate in the Experion Selection process for the 2021 batch! The student list template is attached herewith.

Dear Sir,

We have received the communication from Infosys for conducting the campus placements. I believe the online test and interview would be scheduled after two or three weeks. We have already started training on interview and group discussion which is done personally by me.

It is also very important to give the final training for clearing the aptitude test. The main modules of the training by Konfidence on Quantitative Aptitude, Logical Reasoning, Verbal Ability and the Infosys pattern training are pending.

Kindly look into this matter at the earliest so that we will have good number of students clearing the aptitude test this year also. We can plan the training only for the eligible and interested candidates and the new training proposal from Konfidence is much better.

Looking forward to hearing from you soon,
Thank you,
Varun

Dear Sir,

We have received the communication from Infosys for conducting the campus placements. I believe the online test and interview would be scheduled after two or three weeks. We have already started training on interview and group discussion which is done personally by me.

It is also very important to give the final training for clearing the aptitude test. The main modules of the training by Konfidence on Quantitative Aptitude, Logical Reasoning, Verbal Ability and the Infosys pattern training are pending.

Dear Sir,

We have received the communication from Infosys for conducting the campus placements. I believe the online test and interview would be scheduled after two or three weeks. We have already started training on interview and group discussion which is done personally by me.

It is also very important to give the final training for clearing the aptitude test. The main modules of the training by Konfidence on Quantitative Aptitude, Logical Reasoning, Verbal Ability and the Infosys pattern training are pending.

Dear Jenty Sir,

It was a great working with you on this Kerala state pool campus drive initiative. I am very happy to share the final list of selections with you. Out of 300 students who got selected for the interviews, 258 candidates appeared for the same and we have 119 final selections for the offer release and another 38 profiles are on hold.

Students those who are listed in selected list can be blocked for any other future drives and the candidates those who are on hold can be given an opportunity with the other companies also, as we will need to discuss and see the ratio of other offer acceptances, this will be decided after the 30 days from the first batch offer release date.

Those who have got selected for the offer (119 Students) are scored more than 70% in both Gen Aptitude and QUIA and cleared our technical panel interviews.

We will be rolling out these offers starting from 8th Nov. 2021. (As we have festival leaves and other leaves on next week many of our TA team members on leave, so this has been pushed to 8th Nov.)

Once again, thanks a ton for all your help and cooperation during this transactions.

Thanks and Regards
