Starting contribution to pension plan at an early age gives you enough time to contribute towards building your retirement corpus and leverage the compounding interest earned by the corpus year on year. You simply have to choose the scheme that suits your investment horizon and risk tolerance.

A voluntary defined contribution Plan wherein you will have an option to enroll and choose your Pension Service Provider (PSP) within 30 days from the date of joining the company.

We currently have tie-ups with two leading PSPs to manage the superannuation funds. LIC & ICICI offer a superannuation scheme which offers interest on accumulated balance every year. ICICI Prudential also has an Unit Linked Superannuation scheme which offers you a market linked return, range of fund options to suit your risk appetite & transparent fund management.

The enrollment option can be exercised only once in the service with the organization and cannot be reversed once made. VSS enrollment window period will, also, be available once every financial year.

The Company, on behalf of the member employee, shall contribute 15% of basic salary, towards the scheme selected by the member. In case 15% of basic exceeds Rs.1,50,000 per annum, member employee will have an option to restrict the contribution to Rs.1,50,000 per annum to avoid perquisite tax (perquisite tax is applicable on contributions exceeding Rs.1,50,000 every year).

Annual pension contribution amount is re-adjusted from fixed cash component and will reflect under 'Pension' component in the salary stack of the enrolled member. The accumulated contribution amount and the interest earned (or the corpus) can be utilized to avail the retirement benefits.

For further clarity, please refer the Policy on My Wipro -> My Information Sources > India -> My Financials-> Deferred Benefits-> Voluntary Superannuation Scheme. After reviewing the related documents if you wish to enroll into VSS, please log onto My Wipro-> My data-> My Financials-> Pension, and exercise the option within 30 days of joining the Company. INITIAL INDUCTION PROGRAM

The Talent Transformation team at Wipro grooms campus selects to help them face the challenges of the corporate world.

A holistic 360 degree approach to training is adopted and helps them hone their fundamental IT skills followed by insights into Wipro businesses, process, technology and behavioral skills.

To understand and appreciate the mindset of the freshers and ensure that the transformation is smooth, the induction program is done by a team of dedicated professionals who have exposure to the academic and corporate sectors alike. Project Readiness Program (PRP) is a training program designed to address the basic learning needs of the freshers.

Corporate Readiness Program - CRP

The CRP program is focused on making fresher comfortable in a corporate environment. This program starts with a corporate induction.

“EMERGE” a campus to corporate behavioral training program ensures that the fresher start feeling at ease in the “corporate world”. This activity based behavioral intervention informs the new entrants about the corporate work culture and business etiquette.

STEP PLUS is a 60-minute English language Assessment, which assesses grammar, listening, reading and speaking skills.

During PRP, STEP PLUS assessments would be scheduled and participants are expected to score a minimum of 917 marks out of 1581. This is a gating criteria for participants to be deputed in projects.

Technology Readiness Program - TRP

The technology training provides critical technical skills required to work on projects allocated to freshers and prepare to face the demands of the project world. We begin doing this by familiarizing with Wipro's businesses and work environment.

This module is conducted either in a structured classroom environment or as on-the-job learning based on the business requirement.

The methodology of training is “Project Based Learning” (PBL) approach, the entire learning is designed around a series of projects that the recruits are expected to complete individually by learning and applying various topics required to complete the project.

During TRP, fresher shall take up assessments as shared in the schedule. The assessment consists of Multiple Choice Questions (MCQ), Case Study, Project / Scenarios snippets. The duration of the assessment is for a day. The overall PRP score is computed as 30% weightage to MCQ, 70% weightage to Case study and /Project/ Scenario. There will be an improvement opportunity provided for those who score lesser than 75% at the TRP training. Faculty at Talent Transformation shall devote their time to mentor and coach the student. This is done to ensure enriched knowledge and improved understanding of the topic. All the efforts made in this direction are meant for the fresher to be able to clear in the improvement assessment with flying colors.

The training is said to be completed only when the fresher is able to score 800 in STEPPLUS assessment and 75% in PRP Technical assessment. Failure to achieve the required score in either STEPPLUS or Technical will result in exiting from the organization.
