

CIVIL ENGINEERING WORKSHOP

Civil Engineering Workshops are crucial for providing practical, hands-on experience to supplement theoretical knowledge. These workshops offer opportunities to learn and develop skills in various construction and manufacturing processes, enhancing students' understanding of how things are built and maintained. They also foster teamwork, safety awareness, and problem-solving skills, which are essential for civil engineers in the field

LABORATORY DETAILS

Name of the laboratory	CIVIL ENGINEERING WORKSHOP
Carpet area	58 m²
No. of machines or experiment setups	15
No. of experiments conducted	7

SPECIFICATION OF EQUIPMENTS/SETUPS AVAILABLE

Sl. No	Equipment
1	Dumpy Level
2	Levelling Staff
3	Chain 20 M
4	, Chain 30 M
5	Steel Tape 20 M
6	Steel Tape 30 M
7	Cross staff
8	Ranging Rods
9	Showel
10	Try square
11	Trowel
12	Cement Pan
13	Plump Bob
14	Mallet
15	Peg
