As part of Swachh Bharat 100 Hours Internship Programme, SCMS School of Technology and Management had taken initiative in undertaking a lot of activities in our premises and schools. All our students along with our faculty members wholeheartedly participated in this mission with a sense of dedication and responsibility.

In order to accomplish the task, students were divided in to five groups with two faculty co coordinators. Three groups were assigned the task of visiting schools and two groups for visiting houses in Panchayaths..They were asked to make a programme chart and were given two days to practice all the activities along withtheir co coordinators. Our students also took initiative in directing a short film titled 'TRASH CAN 'based on the theme swachhta .

As part of swachhta mission our two groups of students visited Choornikkara panchayath to spread awareness about the importance of personal and public hygiene. In the wake of numerous hazards caused due to pollution and lack of hygiene, the swachhta mission undertaken by Govt of India is an eye-opener for all of us. It is a pleasure and privilege to associate with this mission in our area.

Our students visited more than 100 houses in Choornikkara Panchayath over a spanof one week to give the residents an insight to the harms caused by one's ignoranceand neglect. Notices were printed and given to all the residents and importance ofSwachhta mission was also explained. Different measures that have to be taken forhygiene and prevention of water logging especially during rainy season were explained so as to restrict the spread of various diseases. Waste management techniques like how to segregate plastic and food wastes were also shared amongst the residents.

Door to door campaign was successfully accomplished because of the whole heartedsupport and hospitality shown by the residents of Choornikkara Panchayath.. They were very keen to know more about the mission and various precautionary measures. For them it was the first of its kind and they supported and congratulated us for taking up this grave yet overlooked issue of our country.

As part of the mission our students cleaned the college premises ,painted walls and planted trees ,all in two days. Swachh Bharat initiative proved to be platform for our students to come together for a national cause of widespread concern.

Our students visited four schools namely Nalanda Public school, Thammanam, HMT Higher Secondary School, Kalamassery, HMT Primary school, Kalamassery and Asoka Primary School, Asokapuram.All the school students participated in all the activities including speeches, akasmika making,drawing, poster making,quiz and skit very enthusiastically . Our eeds and ideas were highly appreciated by the school authorities and they promised alltheir support in our future endeavors also.

As we all know, Kerala had suffered a huge set back due to massive flood during the past two years.

On 15 August 2018, severe floods affected Kerala, due to unusually high rainfall during the monsoon season. It was the worst flood in Kerala in nearly a century. The flood submerged a huge land mass which put the victim families under the crisis to meet their basic needs as food, shelter and medical facilities. Biotechnology Division SSTM actively participated in the flood relief activities by contributing provision and other commodities to the Collection centre run by District Collector, Ernakulam.

1. UBA B.Com

The department of Commerce at SCMS College, Muttom, has chosen Choornikara as its local body partner for project implementation. Departmental Committee consists of two faculty members, Ms. SindhuManoj and Ms. Gifi Felix. On 14/01/2019, a pilot survey was conducted in 6 houses randomly chosen from Ward XV. As a part of household survey under UBA, a team of 14 students from B.Com (second semester) assisted by the faculty coordinators visited 44 households in the Choornikkara ward on February 25th and collected the information through questionnaire. The next field visit for UBA was conducted on 5th and 6th March 2019. Faculty coordinators met Village Officer, PanchayatPresident, Agricultural Officer and visited the hospitals at Choornikkara, as part of Village survey and collected the required information. Mrs. Safiya Ali, Ward Member, also helped to make the task easier. A meeting was scheduled with BabuPuthanangady, Choornikkara Panchayat President, at the Principal's chamber, SSTM, Muttom campus on Wednesday, 3rd July 2019. Safiya Ali, ward member, and staff co-ordinators, Ms.SindhuManoj and Ms.Gifi Felix also attended the meeting. The aim of the discussion was to formulate different developmental activities at the Panchayat level with the help of SSTM Cochin. After the discussion with Directors a decision has been made to foster the developmental works of the Panchayath. As a part of this program, Skill Development Training was conducted for the women of Choonikkara Panchayat (Ward no .15) on Friday, 20th September 2019. In addition to this, the students of SSTM, Cochin along with 'Adayalam'(a youth organization to promote agriculture) under the leadership of Ms.SindhuManoj and Ms.Gifi Felix, went to Kattepaadam, Muttom with the motive of cleaning the place and to build a resting place for the farmers.

As part of Swachh Bharat 100 Hours Internship Programme, SCMS School of Technology and Management had taken initiative in undertaking a lot of activities in our premises and schools. All our students along with our faculty members wholeheartedly participated in this mission with a sense of dedication and responsibility.

In order to accomplish the task, students were divided in to five groups with two faculty co coordinators. Three groups were assigned the task of visiting schools and two groups for visiting houses in Panchayaths. They were asked to make a programme chart and were giventwo days to practice all the activities along with their co coordinators. Our students also took initiative in directing a short film titled 'TRASH CAN 'based on the theme swachhta.

As part of swachhta mission our two groups of students visited Choornikkara panchayath to spread awareness about the importance of personal and public hygiene. In the wake of numerous hazards caused due to pollution and lack of hygiene, the swachhta mission undertaken by Govt of India is an eye-opener for all of us. It is a pleasure and privilege to associate with this mission in our area.

Our students visited more than 100 houses in Choornikkara Panchayath over a span of one week to give the residents an insight to the harms caused by one's ignorance and neglect. Notices were printed and given to all the residents and importance of Swachhta mission was also explained. Different measures that have to be taken for hygiene and prevention of water logging especially during rainy season were explained so as to restrict the spread of various diseases. Waste management techniques like how to segregate plastic and food wastes werealso shared amongst the residents.

Door to door campaign was successfully accomplished because of the whole hearted support and hospitality shown by the residents of Choornikkara Panchayath.. They were very keen to know more about the mission and various precautionary measures. For them it was the first of its kind and they supported and congratulated us for taking up this grave yet overlooked issue of our country.

As part of the mission our students cleaned the college premises ,painted walls and planted trees ,all in two days. Swachh Bharat initiative proved to be platform for our students to come together for a national cause of widespread concern.

Our students visited four schools namely Nalanda Public school, Thammanam, HMT Higher Secondary School, Kalamassery, HMT Primary school, Kalamassery and Asoka Primary School, Asokapuram.All the school students participated in all the activities including speeches, Paper bag making, drawing, poster making,quiz and skit very enthusiastically . Our deeds and ideas were highly appreciated by the school authorities and they promised all their support in our future endeavors also.

Onam is a very special festival for all the Malayalees. Unfortunately during this pandemic there was no celebration and we team UBA at SSTM (MCA Department) came up with an idea to celebrate Onam virtually where we organized some online events for the children at Edathala Panchayath. Students of DDMCA Batch 2 and 3 involved in this programme to organize the event. We conducted programs for children according to their age group, where they had to record or take pictures of their particular event and sent it to us. We had a handful of entries for the program. Entries accepted till 6th of September 2020. The program included Onasundari for classes 1-4, Onapattu for classes 5-7, Pattavum noolum for classes 8-10, Onam Click for all students. We're in the process of sorting the entries and judges will be selecting the winners. The Prize for all the events will be distributed on October 2nd.

As part of the UBA Cell activity on October 2nd , Ms.Sudha D, Faculty of MCA Department, Anuroop Vijayan, B4 IMCA and Kiran Unnikrishnan, B3 DDMCA had visited the Edathala Village. This time the motive of the visit was to take a class for the residence of the village. We took a class on the ways, how all the vegetable or kitchen waste can be disposed of, and how we can recycle the best out of waste . The gathering was held in the EMS public library hall and the meeting was inaugurated by Sajitha Abbas, Panchayath President of Edathala village. Also, we had presented two tutorials made by Dona Melani and Ann Mary techniques. The first tutorial was how to make hanging flower pots by making use of coconut husk and the second video was based on how old cardboards can be transformed into book racks. The kitchen waste management class was taken by Anuroop and thereafter. The meeting was concluded by giving away the prizes of the competitions that were conducted as part of the virtual Onam celebration in the month of September.

The Department of Biosciences and Biotechnology, SCMS School of Technology and Management organized 'INNOVATION IDEATHON 2022' to foster the creativity of higher secondary students in Kerala. The students were asked to submit their novel ideas on any of the following topics:

- Waste management
- Renewable energy
- Green construction
- Biodegradable plastics

The invitation was mailed to over 100 schools in Kerala. We contacted over 50 schools on the phone and personally visited at least 20 schools to invite them. We received more than 32 responses and about 22 entries from various schools in Kerala. A whats app group was created to communicate with the participants. The last date of submission was 08.06.2022. The judgment was done based on the objective, method, significance and novelty of the innovative ideas. The winners were awarded attractive cash prizes.
