As part of Swachh Bharat 100 Hours Internship Programme, SCMS School of Technology and Management had taken initiative in undertaking a lot of activities in our premises and schools. All our students along with our faculty members wholeheartedly participated in this mission with a sense of dedication and responsibility.

In order to accomplish the task, students were divided in to five groups with two faculty co coordinators. Three groups were assigned the task of visiting schools and two groups for visiting houses in Panchayaths..They were asked to make a programme chart and were given two days to practice all the activities along with their co coordinators. Our students also took initiative in directing a short film titled 'TRASH CAN 'based on the theme swachhta .

As part of swachhta mission our two groups of students visited Choornikkara panchayath to spread awareness about the importance of personal and public hygiene. In the wake of numerous hazards caused due to pollution and lack of hygiene, the swachhta mission undertaken by Govt of India is an eye-opener for all of us. It is a pleasure and privilege to associate with this mission in our area.

Our students visited more than 100 houses in Choornikkara Panchayath over a span of one week to give the residents an insight to the harms caused by one's ignorance and neglect. Notices were printed and given to all the residents and importance of Swachhta mission was also explained. Different measures that have to be taken for hygiene and prevention of water logging especially during rainy season were explained so as to restrict the spread of various diseases. Waste management techniques like how to segregate plastic and food wastes were also shared amongst the residents.

Door to door campaign was successfully accomplished because of the whole hearted support and hospitality shown by the residents of Choornikkara Panchayath.. They were very keen to know more about the mission and various precautionary measures. For them it was the first of its kind and they supported and congratulated us for taking up this grave yet overlooked issue of our country.

As part of the mission our students cleaned the college premises ,painted walls and planted trees ,all in two days. Swachh Bharat initiative proved to be platform for our students to come together for a national cause of widespread concern.

Our students visited four schools namely Nalanda Public school, Thammanam, HMT Higher Secondary School, Kalamassery, HMT Primary school, Kalamassery and Asoka Primary School, Asokapuram.All the school students participated in all the activities including speeches, akasmika making,drawing, poster making,quiz and skit very enthusiastically . Our

deeds and ideas were highly appreciated by the school authorities and they promised all their support in our future endeavors also.

As we all know, Kerala had suffered a huge set back due to massive flood during the past two years.

On 15 August 2018, severe floods affected Kerala, due to unusually high rainfall during the monsoon season. It was the worst flood in Kerala in nearly a century. The flood submerged a huge land mass which put the victim families under the crisis to meet their basic needs as food, shelter and medical facilities. Biotechnology Division SSTM actively participated in the flood relief activities by contributing provision and other commodities to the Collection centre run by District Collector, Ernakulam.

UBA initiatives undertaken by MBA Department

The MBA department was assigned with Chowwara village to initiate the developmental activities with an intention to sustainable development. Subsequently a faculty from MBA department was deputed to attend a Regional Workshop organized by IISER, Trivandrum, which was nominated as the Regionally Coordinating Institute(RCI). With this objective, a base line house hold survey was done by the students of MBA batch 16 under the guidance of two faculty members to find the essential needs & requirements of the villagers. Based on it shortage of water was found as a major issue for which we have organized a seminar highlighting the importance of water conservation for sustainable living on 5th October 2019.

1. UBA B.Com

The department of Commerce at SCMS College, Muttom, has chosen Choornikara as its local body partner for project implementation. Departmental Committee consists of two faculty members, Ms. SindhuManoj and Ms. Gifi Felix. On 14/01/2019, a pilot survey was conducted in 6 houses randomly chosen from Ward XV. As a part of household survey under UBA, a team of 14 students from B.Com (second semester) assisted by the faculty coordinators visited 44 households in the Choornikkara ward on February 25th and collected the information through questionnaire. The next field visit for UBA was conducted on 5th and 6th March 2019. Faculty coordinators met Village Officer, Panchayat President, Agricultural Officer and visited the hospitals at Choornikkara, as part of Village survey and collected the required information. Mrs. Safiya Ali, Ward Member, also helped to make the task easier. A meeting was scheduled with BabuPuthanangady, Choornikkara Panchayat President, at the Principal's chamber, SSTM, Muttom campus on Wednesday, 3rd July 2019. Safiya Ali, ward member, and staff co-ordinators, Ms.SindhuManoj and Ms.Gifi Felix also attended the meeting. The aim of the discussion was to formulate different developmental activities at the Panchayat level with the help of SSTM Cochin. After the discussion with Directors a decision has been made to foster the developmental works of the Panchayath. As a part of this program, Skill Development Training was conducted for the women of Choonikkara Panchayat (Ward no .15) on Friday, 20th September 2019. In addition to this, the students of SSTM, Cochin along with 'Adayalam'(a youth organization to promote agriculture) under the leadership of Ms.SindhuManoj and Ms.Gifi Felix, went to Kattepaadam, Muttom with the motive of cleaning the place and to build a resting place for the farmers.
