STUDENT SATISFACTION SURVEY 2019-20

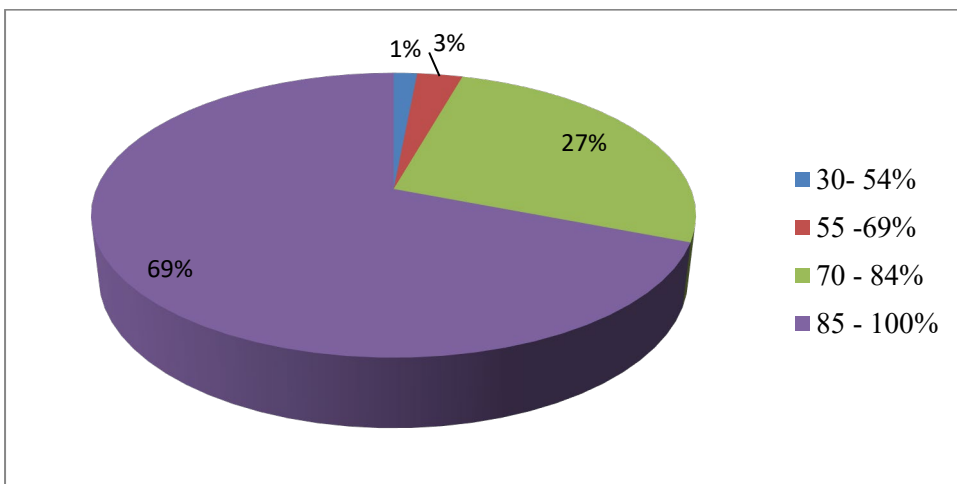

1. Gender

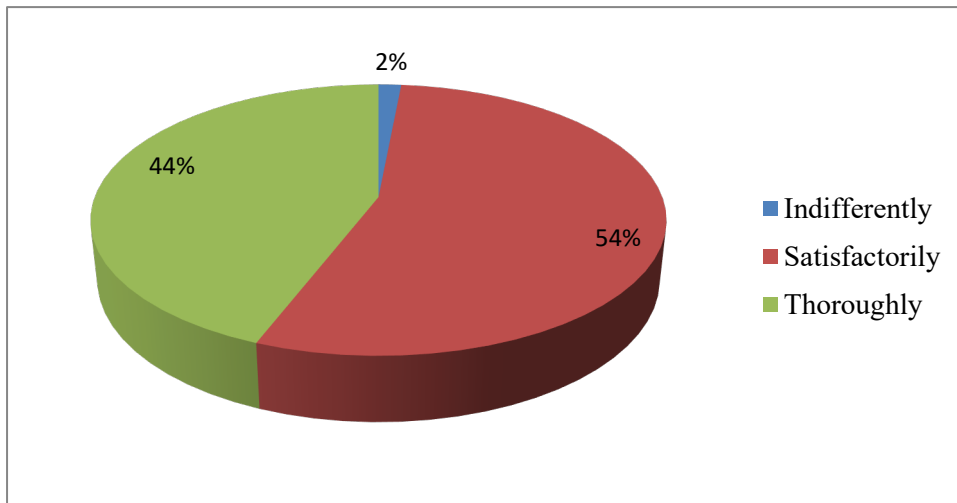

2. Degree

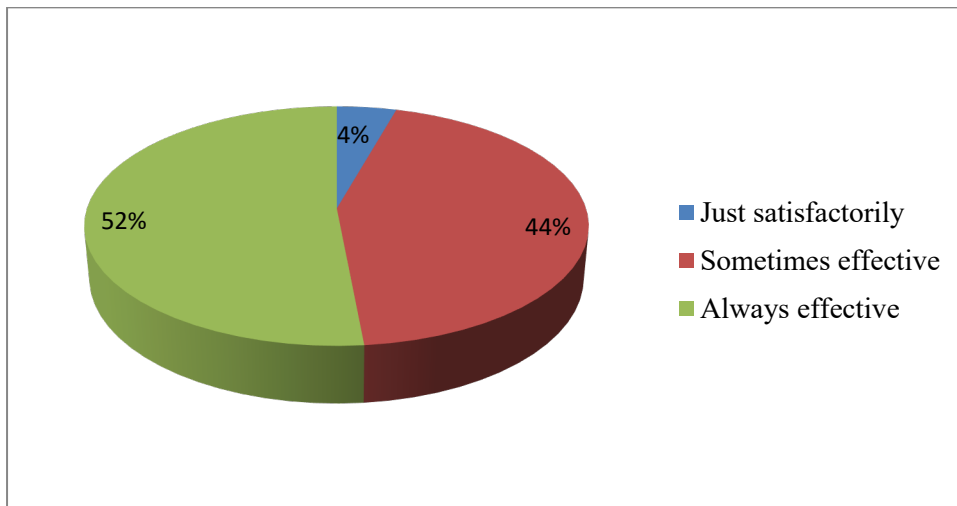

3 How much of the syllabus was covered in the class?

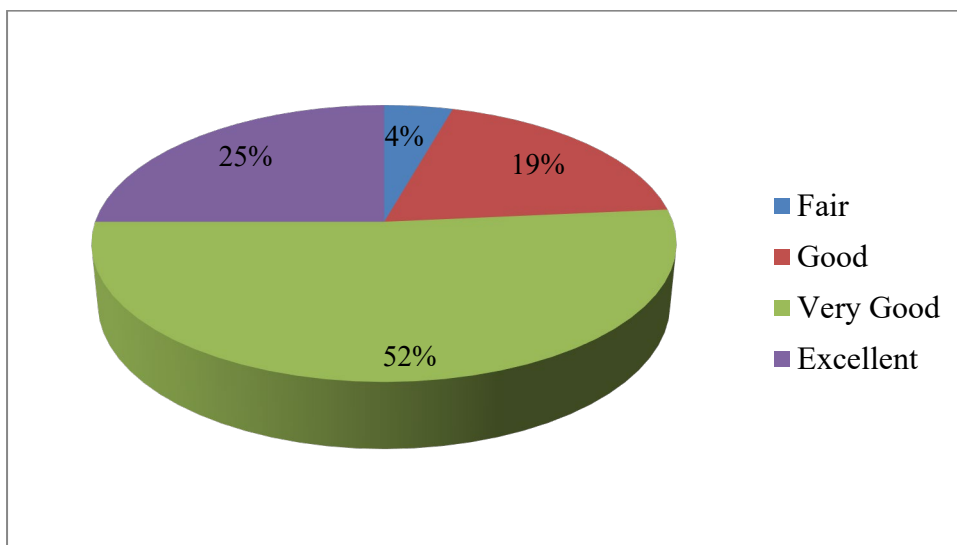

**4. How well the teachers prepare for the classes?**

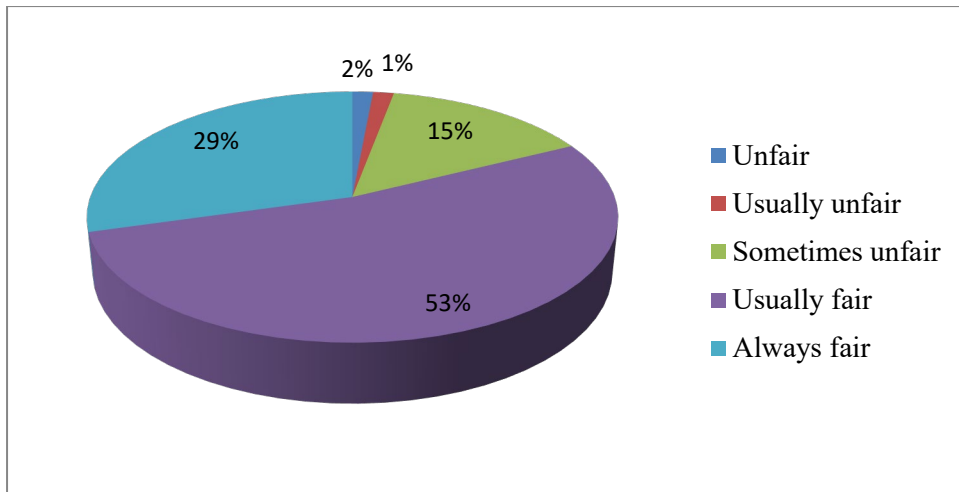

**5. How well were the teachers able to communicate?**

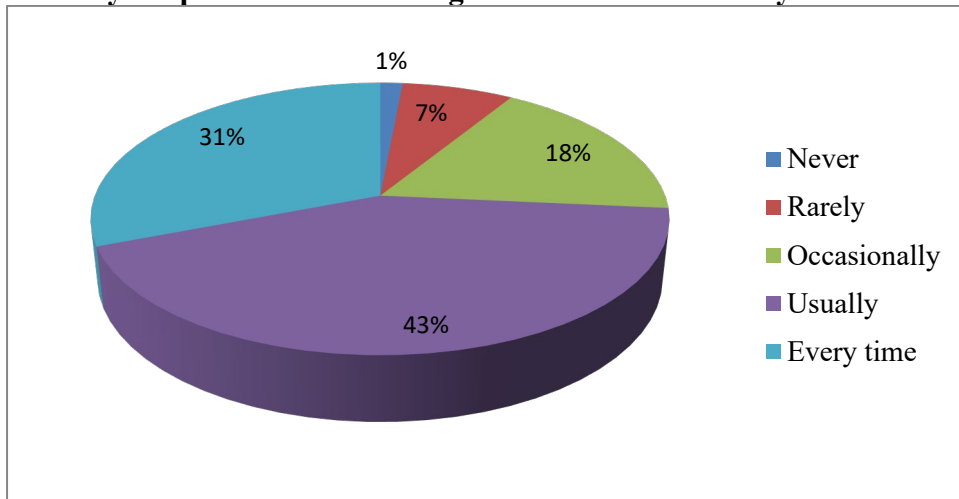

**6. The teacher/s approach to teaching can best be described as**

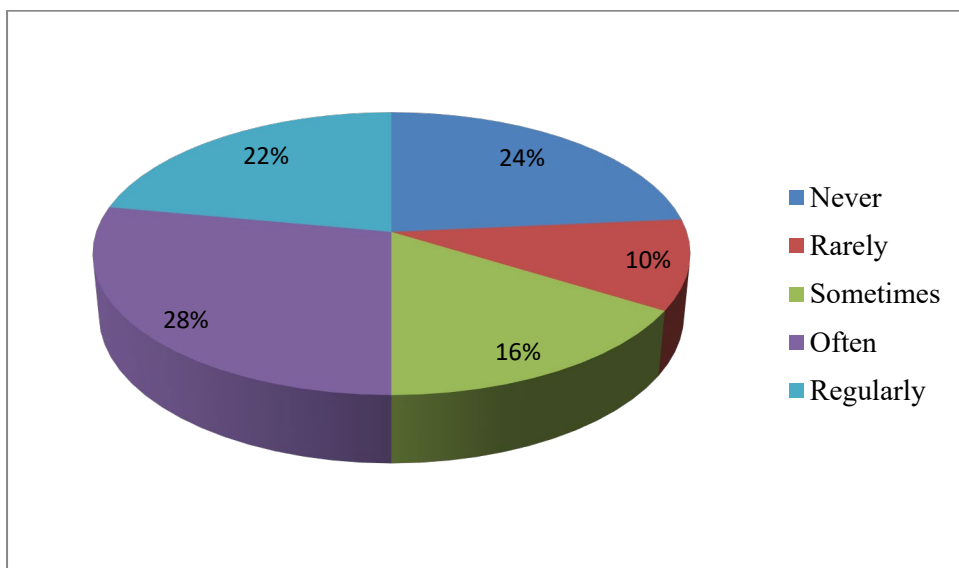

**7. Fairness of the internal evaluation process by the teachers**

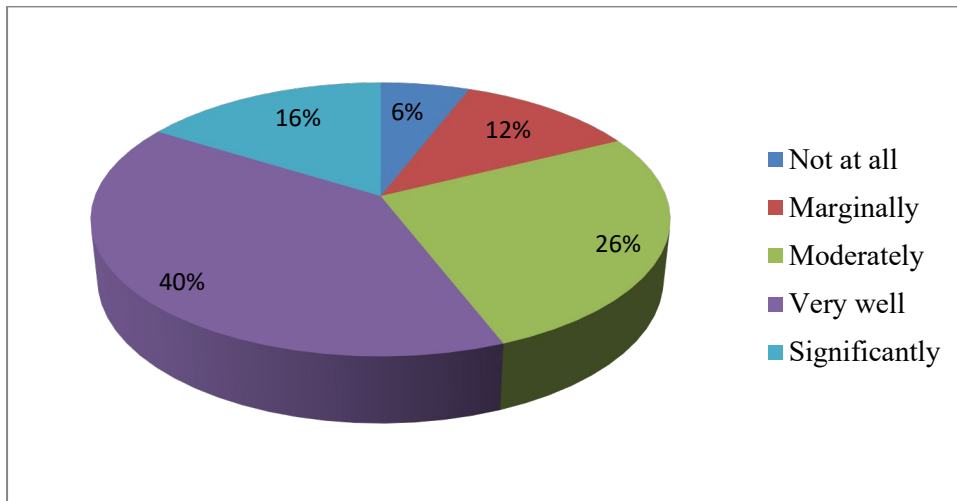

**8. Was your performance in assignments discussed with you?**

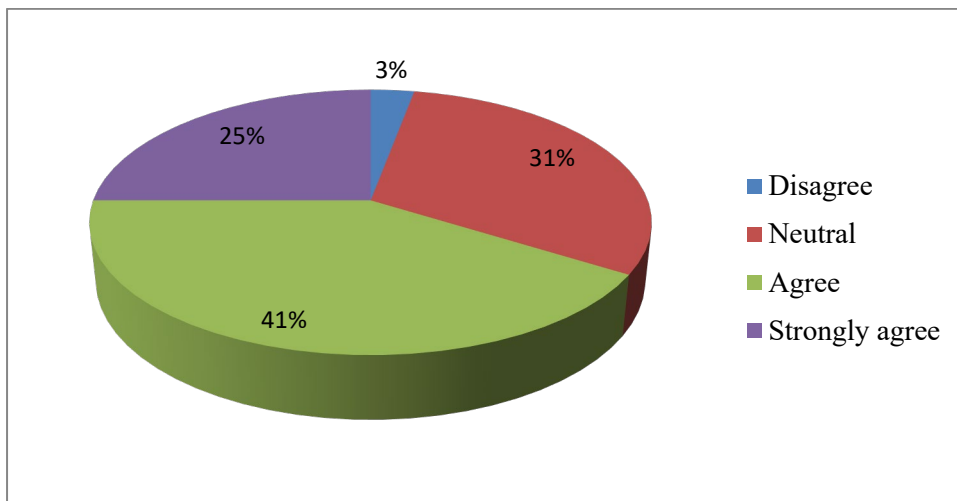

**9. The Institute takes active interest in promoting internship, student exchange, field visit opportunities for students.**

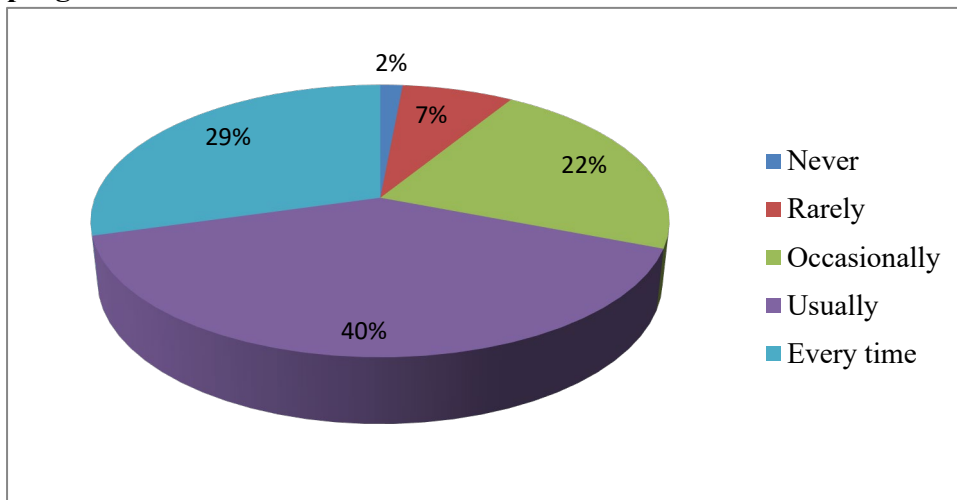

**10. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.**

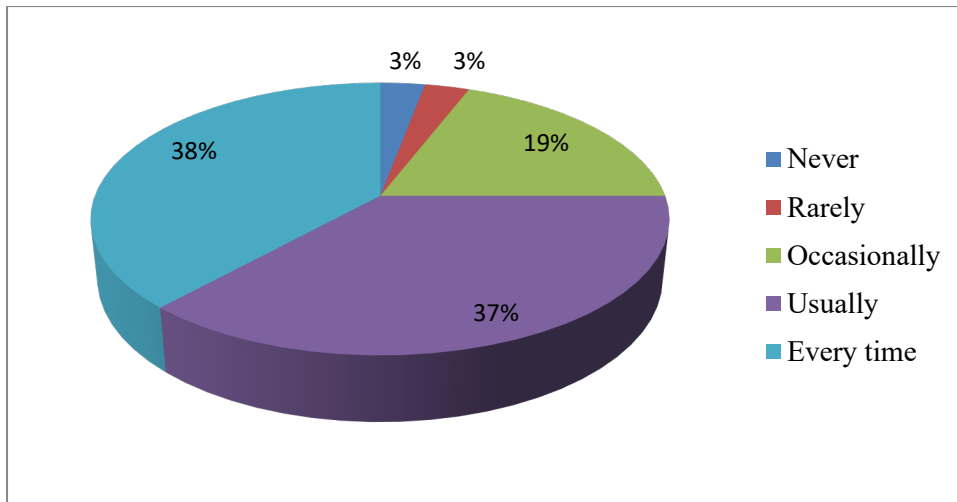

**11. The institution provides multiple opportunities to learn and grow.**

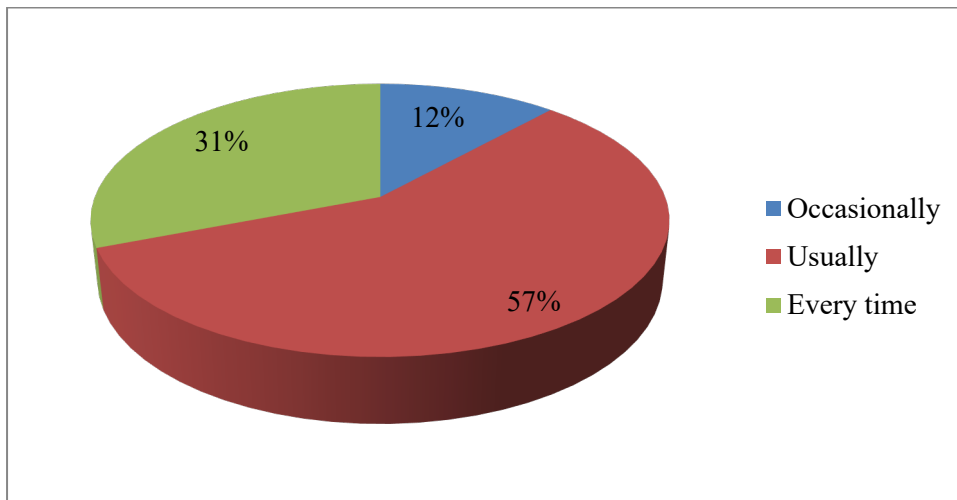

**12. Teachers inform you about your expected competencies, course outcomes and programme outcomes.**

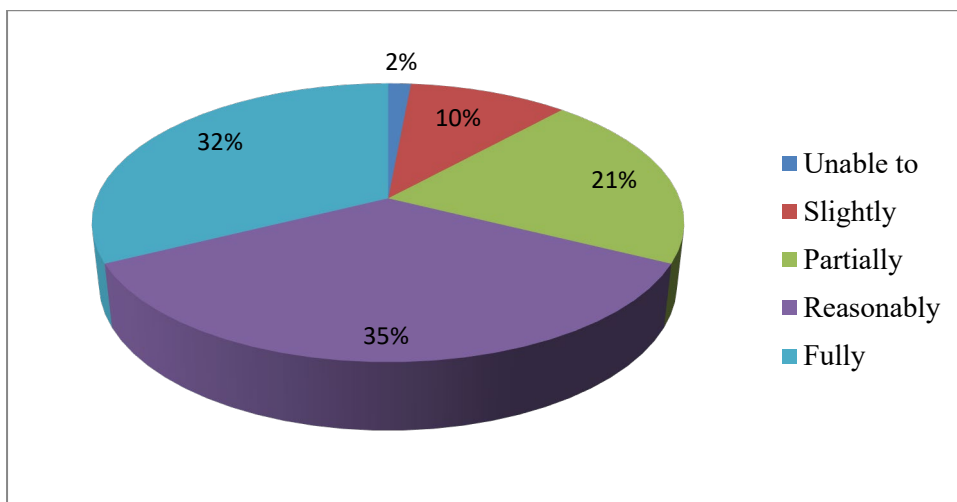

**13. Your mentor does a necessary follow-up with an assigned task to you**

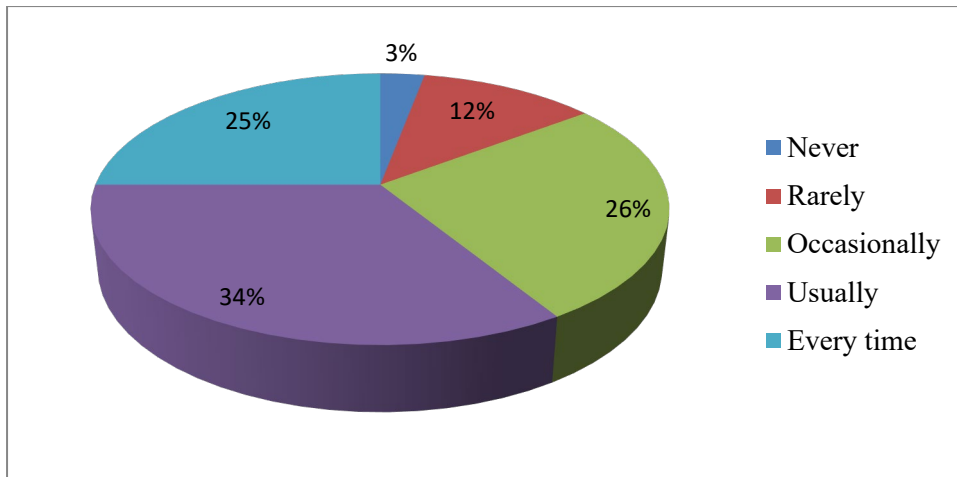

**14. The teachers illustrate the concepts through examples and applications.**

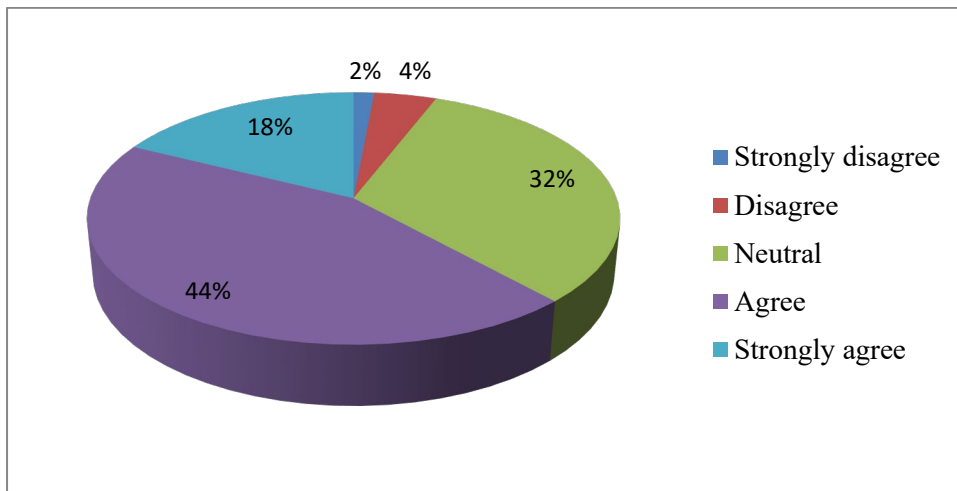

**15. The teachers identify your strengths and encourage you with providing right level of challenges.**

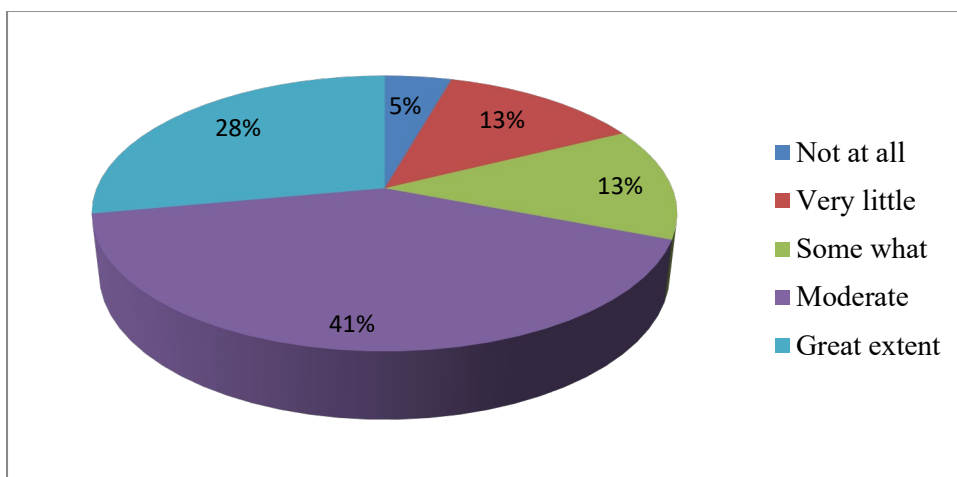

**16. Teachers are able to identify your weaknesses and help you to overcome them.**

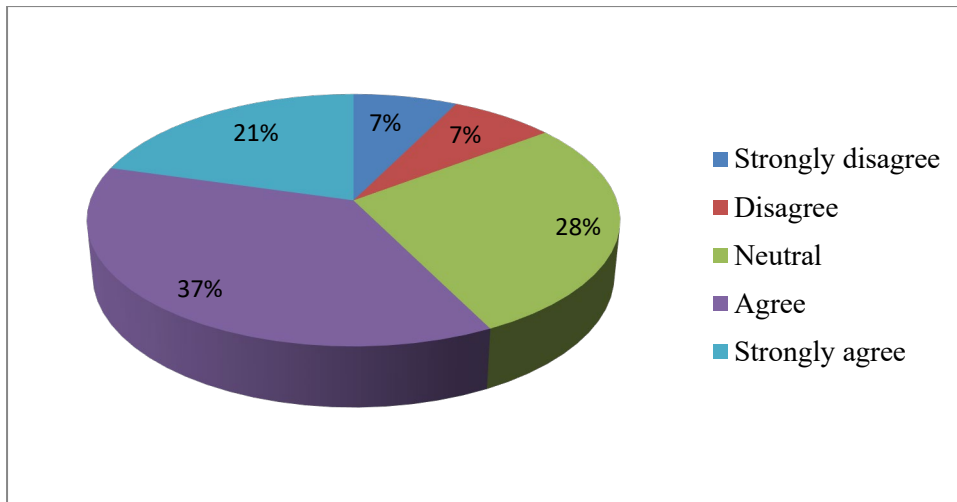

**17. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process**

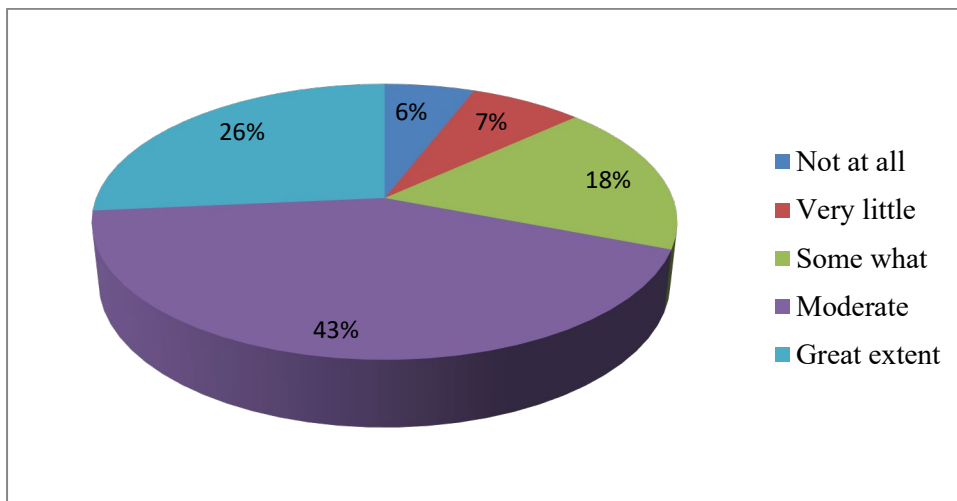

**18. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.**

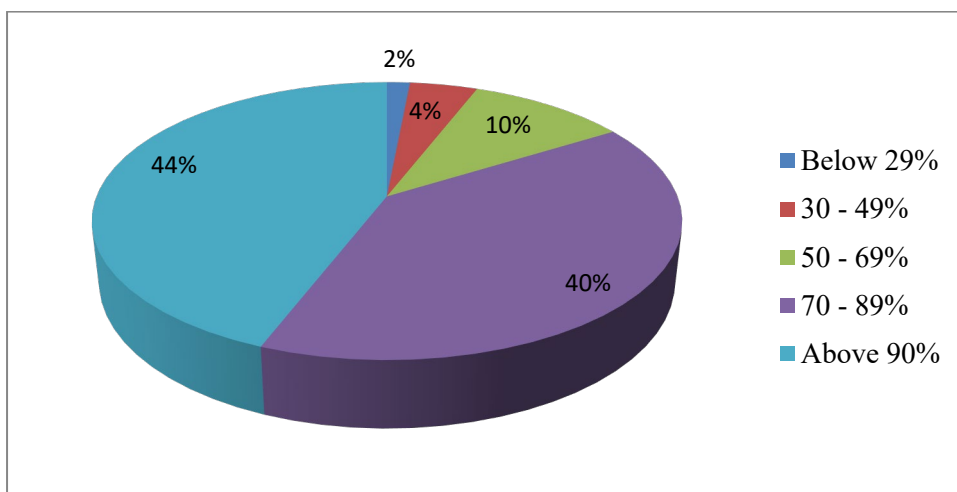

**19. Teachers encourage you to participate in extracurricular activities.**

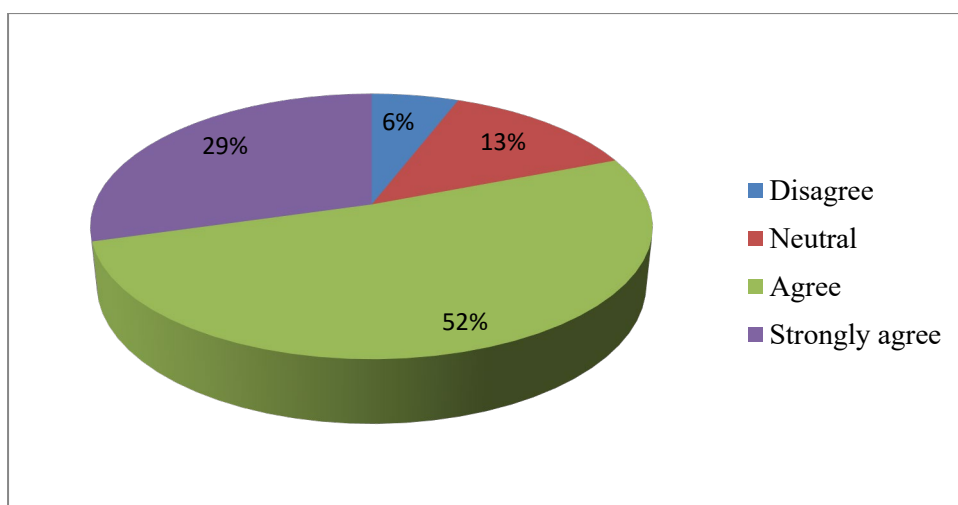

**20. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.**

**21. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc, while teaching?**

**22. The overall quality of teaching-learning process in your institute is very good.**

**23. Give three observation / suggestions to improve the overall teaching - learning experience in your institution.**

- I. 1. Enough Time frame should be provided for students and teachers to cover topics  
2. Don't overburden teachers with other works so that they can help students much better.  
3. Student centric outdoor activities should be there.
- II. Good. But work for better social development within students
- III. Always help the student who is not capable at all. Give them simply learning techniques, use simple language for students
- IV. Better teaching techniques, more extra-curricular to be included,
- V. Good teaching Atmosphere. Need to add more cultural events. Satisfied with the overall teaching
- VI. Try to bring more activities and events for children
- VII. We would like the institute to provide more exposure for us to extra curricular activities and promote our talents
- VIII. Involve students activities, keep interactive sections, provide activities
- IX. Take lab classes during the 2 weeks of offline classes, otherwise it isn't worthwhile. Encourage field visits to improve our practical knowledge. Involve us in cultural programmes as we are rarely invited to the cultural programmes taking place in the main campus (SSTM).
- X. Learning experience was good, teachers were interactive. I suggest to change the college timing because class hours are way too lengthy and also suggest to conduct more fest, art and sports activities.
- XI. Study the entire syllabus and makes notes for the students

- XII. 1.increase the co-curricular activities.  
2. management should give more concentration on BA economics batch.  
3. Proper interaction with students.
- XIII. Encourage more for extracurricular activities and less partiality
- XIV. Good experience
- XV. Should encourage students in other extra curricular activities
- XVI. 1. Try to get students to involve in extracurricular activity, provide less stress \* more friendly \*  
2. Little more support to nurture talents in other cultural activities  
3. Should have more extra curricular activities
- XVII. More extracurricular activities, free time, infrastructure can be modified
- XVIII. Field visit, more activities during class hours
- XIX. Good experience. Use of more examples while explaining concepts.
- XX. Improve Interpersonal development activities, reduce classes and teach through activities, conduct more sessions to improving public speaking
- XXI. I feel they are really good in the way they do their course. I have friends in several other colleges so when we speak to each other, what I understand is that our way of teaching is far better than that of others. I hope the college will follow same methods of teaching in future as well.
- XXII. Use smart classes. More skill based learning activities can be included.
- XXIII. Ensure that entire syllabus is covered by concerned faculty, promote field visits and consider the suggestions given by students in the same academic year atleast.
- XXIV. No changes to be made.
- XXV. Teachers should be capable of reading the mind of students by mingling with them & i think many of teachers in biotech dept are like that, very friendly (except some, they may be good in teaching but not much good in mingling with students.... . Need to conduct many outside classroom activities which encourage makes students closed to the subjects and all.....
- XXVI. Include more extra curricular activity
- XXVII. Reduce theory oriented teaching, including more skill development programmes like teaching important software, using more updated syllabus.
- XXVIII. Add more subject oriented task. Can complete the works in proper time  
....

XXIX. Everything is fine there. I dont have any suggestions.

XXX. Explanation with real time examples

XXXI. Involve all students for extracurricular activities, not just a select few that are sent every time.

XXXII. No extra curricular activities such as sports or arts, less motivation from teachers, the management is too strict for all sort of activities.

XXXIII. Feedback should be taken and it should be in correct time.

XXXIV. Include field visits to improve current learning. Teaching atmosphere can be more friendly. Encouraging students in co-curricular activities will be much appreciable.

XXXV. Participation in lab, field visit.

XXXVI. Provide some cultural events and some field visits.

XXXVII. Should encourage students in extracurricular activities. Should conduct an IV trips.

XXXVIII. Showing examples and teaching is good

XXXIX. Make course exceptions clear and based on learning outcomes. Encourage active and practical learning, and also more programmes to make students active for extra curricular activities.
