1. PREAMBLE

1.1 Nomenclature of the Programme: Master of Business Administration (MBA)

1.2 Nature of the Programme

Master of Business Administration (MBA) is a two year full time Post Graduate programme offered under semester system. The programme is delivered under Choice based Credit and Semester System (CBCSS) with grading system. The revised curriculum of MBA will come into effect from the Academic Year 2019-20. The full time MBA programme is developed after considering the national requirements and best practices in management education. MBA curriculum is designed in line with the recommendations in AICTE model curriculum 2018. The dynamism in educational environment, the evolving expectations from students, teachers, parents and other stakeholders were considered while developing the revised curriculum. Also, utmost importance has been given to the learning outcomes and development of managerial acumen among the participants. `

1.3. Objectives of MBA Programme

- To develop young MBA aspirants into professional managers who can contribute to the growth of business and industry in India and abroad.
- To develop astute leaders with a strong ethical background who can efficiently and effectively manage business amidst environmental turbulences.
- To nurture entrepreneurial skills among young generation and make them effective change agents.
- To contribute towards better management practices in the country by offering quality management education.
- To facilitate the Institutions to contribute towards the management of non-corporate sectors and social enterprises with main focus on local and regional level.

The accomplishments of the course objectives are possible only through synergized efforts of stakeholders at the micro level of the affiliated colleges.

1.4. Programme Outcomes

- Application oriented Knowledge in Domain and Business Environment (AKDBE)
- Critical Thinking, Business Analysis, Problem Solving and Innovative Solutions (CBPI)
- Social Responsiveness and Ethical Standards (SRES)
- Astute Leadership and Synergy (ALS)
- Effective Communication (EC)
- Global Exposure and Cross-Cultural Sensitivity (GECCS)

2. ELIGIBILITY AND ADMISSION

2.1. Eligibility

A pass in any Bachelor's Degree Examination of Mahatma Gandhi University or an equivalent degree of any other Universities duly recognized by Mahatma Gandhi University with not less

than 50% marks in the aggregate for all parts of examination or a Master’s Degree examination with 50% marks in aggregate. Under grading system, C Grade of Mahatma Gandhi University or equivalent thereto from other recognized Universities with not less than 50% marks in aggregate is required to become eligible for admission. Under any circumstances, it shall be the responsibility of the Director / Principal to ensure that a candidate is having 50% marks in aggregate in order to become eligible for admission. A pass in any Bachelor’s Degree examination is needed for SC/ST candidates. The Reservation Rules are applicable as per the Government and University norms in all the affiliated Colleges.

2.2 Admission Procedure

The admission procedure in the affiliated colleges should be based on the norms stipulated by Admission Supervisory Committee (ASC) and approved by Mahatma Gandhi University. All affiliated colleges are required to prepare the prospectus in accordance with the approved norms of Mahatma Gandhi University. The admissions to the MBA full time programme shall be strictly on the basis of merit as determined by the entrance examinations (KMAT Kerala / CMAT / CAT), Group Discussion and Personal Interview conducted at the institution level.

The rank list shall be prepared by affiliated institutions on the basis of sum of following components:

Admissions – Components of Rank List

Component	Weight
Entrance Examination Score	80%
Group Discussion	10%
Personal Interview	10%

Based on the score in the entrance test, candidates shall be short-listed for Group Discussion and Personal Interview. The Group Discussion and Personal Interview shall be conducted by a panel of senior Faculty Members deputed by the Principal. While preparing the rank list, if there are same index marks for more than one candidate, he/she will be ranked on the basis of actual marks obtained in the qualifying examination. Even after this, if there is a tie, they will be ranked on the basis of date of birth; i.e. the elder person is to be ranked higher. Based on the performance in the entrance examination, group discussion and interview, merit rank list shall be prepared and notified duly signed by the Principal/Director and Head of the Department. An evaluation format for Group Discussion and Personal Interview along with the Rank List is attached as Annexure 1. The copies of the duly filled Annexure I, the Rank list and the list of selected students shall be submitted to the Dean, Faculty of Management Sciences and Registrar of the University by 31st August every year.

The Reservation Rules are applicable as per the Government and University norms in all the affiliated Colleges.

3. COURSE DURATION – ACADEMIC AND EXAMINATION CALENDAR

3.1. Academic Calendar

The academic calendar has been designed to ensure that the course will be completed within the stipulated two years’ time. The commencement of the course shall be in the month of June of the Academic Year. A semester comprises of 90 working days. The academic and exam calendar published by the University shall be strictly followed by all affiliated colleges in order to ensure

timely completion of the course, conduct of examinations, project works and declaration of results.

3.2 Examination Calendar

The calendar for University examinations and Course Viva-voce are presented below. The exam calendar has been prepared to ensure timely completion of examinations, viva-voce, evaluation of answer scripts, and timely publication of results.

MBA Examination Calendar

3.3 Internship and Research Project Calendar

The Summer Internship is scheduled during April -May (not less than eight weeks), every year and shall be done in a reputed Manufacturing / Service organisation. The evaluation of Internship shall be conducted during the month of July in all affiliated colleges. The two-month Problem centered Research Project is scheduled during April - May (not less than eight weeks), every year and shall be done in a reputed Manufacturing / Service / Non-profit / Government organisation. The Project Presentation and Viva-voce shall be conducted by a panel of external examiners, chaired by a Faculty from University Department, during the month of June every year.

MBA Internship and Problem Centered Research Project Calendar

Semester	Internship / Project	Duration
S3	Summer Internship	April- May
S3	Internship Presentation	July
S4	Problem centered Research Project	April to May
S4	Research Project Presentation & Viva	June

In addition to the Academic and University Exam calendar, the tentative internal exam calendar shall be prepared and published by the Board of Studies during the month of May every year. This is to facilitate and ensure timely completion of internal examinations and viva voce.

3.4 Duration of the Course

The minimum time period for the completion of MBA Programme shall be two years and the maximum period for securing a pass shall be four years from the date of admission. The Principal/ Director of all affiliated colleges shall provide Course Completion Certificate to the candidates who have completed all courses in the curriculum.

4. MBA PROGRAMME SCHEME – CHOICE BASED CREDIT SEMESTER SYSTEM

As per National Policy and academic practices, the University have adopted Credit and Grading system for MBA programme with effect from Academic Year 2019-20. Under the Choice based Credit Semester System (CBCSS) students can accumulate prescribed number of credits to become eligible for the degree. The number of credits earned by the students reflects their level of proficiency attained in the intended outcomes of the course.

The curriculum comprises of courses at four levels:

- Foundation Courses (No Credits)
- Full Credit Core Courses
- Full Credit Elective Courses
- Courses of Independent Study (No Credits)

Apart from foundation, core, and elective courses, there is one Summer Internship and one Problem centered Research Project in the MBA programme.

- Summer Internship (not less than eight weeks) – at the end of Second Semester
- Problem centered Research Project (not less than eight weeks) – at the end of Fourth Semester

4.1 Foundation Programme

It is imperative to provide a foundation programme for the MBA aspirants since the professional course in management is meant for students from different disciplines. It is recommended to conduct the foundation programme in all affiliated colleges based on the course contents prescribed by the University. The foundation programme consists of seven (7) courses with specific number of hours allotted for completion. The Principal / Director/Head of the Department shall allocate the courses in foundation programme to Faculty Members.

The framework for foundation programme is shown in the table given below.

Foundation Programme in First Semester

Course Code	Course Title
MB FC0101	Introduction to Management
MB FC0102	Quantitative Foundation
MB FC0103	Fundamentals of Economics
MB FC0104	Fundamentals of Accountancy
MB FC0105	Introduction to Case Method
MB FC0106	Introduction to Research & Projects
MB FC0107	General Orientation Programme (GOP)
No. of Credits – 0	

Note: The affiliated colleges may add more modules during the foundation programme with zero credit.

Suggested areas in General Orientation Programme (GOP) are:

- i. Goal Setting
- ii. Attitude Formation
- iii. Self-discipline and Professionalism
- iv. Leadership & Synergy
- v. Group Discussion & Presentation Skills

vi. Self-Learning – Importance of Course Plan

For the Foundation Programme, a maximum of 48 hours is allotted (6 hours per day × 8 days). All affiliated colleges are required to complete the foundation programme within the stipulated time. The Principal / Director/Head of the Department shall ensure the completion of foundation programme with an element of evaluation. The documents pertaining to foundation programme (Schedule, Content, and Evaluation) are to be submitted during inspection by the University.

4.2 Core Courses

There are 19 core courses in the MBA programme across four semesters. Core courses provide multi-disciplined domain knowledge and skills at the basic and working level to the participants. These core courses lay strong foundation to management concepts which can be further studied in-depth during the elective phase. A course which carries 3 or 4 credits is considered as a full credit course.

4.3 Elective Courses

All elective courses across functional areas carry 3 credits each. The MBA Programme shall be offered in Dual specialization scheme (two functional areas are to be selected by a student). Two courses from each of the opted functional areas are to be selected during a semester. In third semester, $2 \times 2 = 4$ and in fourth semester $2 \times 2 = 4$ are to be selected by the students.

Choice of Elective Area

A candidate is expected to select two functional areas subject to the following criteria:

- i) His / Her own choice based on preference, skills and aptitude
- ii) The availability of Faculty Members specialised in different functional areas in the affiliated colleges and required infrastructure.
- iii) Job market realities and opportunities in a functional area

The final decision pertaining to offer of specialisation choice shall be by the Director / Principal of the affiliated colleges.

The following areas of specialisations are offered by the University in the third and fourth semesters.

4.7 Teaching Methods

Since the MBA Programme is a professional course, the teaching methods shall be carefully designed at the Institution level. The teaching methods in MBA programme ideally include the following components: (Faculty Members are free to design appropriate teaching methods).

Teaching methods

Lectures in Interactive Mode	Practical Illustrations & Simulations
Case Studies	Role Plays
Quizzing	Class Seminars & Presentations

4.8 Grading System

The performance of a student in each course is evaluated in terms of percentage of marks with a provision for conversion to grade points. The grading system followed is that of relative grading on a ten-point scale. The following table indicates the performance range and the relative value of the grades (grade points) on the scale.

Range of % of Marks	Grade Letter	Grade Point
95 - ≤100	O	10
85 - <95	A plus	9
75 - <85	A only	8
65 - <75	B plus	7
55 - <65	B only	6
45 - <55	C	5
40 - <45	P	4
<40	F	0
Absent	Ab	0

Letter grade	Performance	Grade point
O	Outstanding	10
A plus	Excellent	9
A only	Very good	8
B plus	Good	7
B only	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

Minimum grade for passing in a course or programme: The minimum for a pass in a course is 'P' grade. The minimum credit point requirement (CGPA) for the programme is five.

The evaluation of a candidate shall be based on two indices:

- Semester Grade Point Average (SGPA)
- Cumulative Grade Point Average (CGPA)

Calculation of Semester Grade Point Average (SGPA)

Credit Points for the Course = No. of Credits assigned for the course x Grade Point secured for that course.

SGPA indicates the performance of a student in a given Semester. SGPA is based on the total credit points earned by a student in all the courses divided by the total number of credits assigned to the courses required in a Semester.

Note: SGPA is computed only if the candidate passes in all the required courses (gets a minimum required grade for a pass in all the required courses as per the specific curriculum). Securing of SGPA in all semesters may not enable students to have minimum required CGPA for a pass in the programme.

Total credit points earned by the student from all the required courses of a Semester

$$\text{SGPA} = \frac{\text{Total credit points earned by the student from all the required courses of a Semester}}{\text{Total credits of all courses required in a semester}}$$

Calculation of Cumulative Grade Point Average (CGPA)

CGPA refers to the Cumulative Grade Point Average weighted across all the semesters (4 Semesters). CGPA is obtained by dividing the total number of credit points earned by the student in all the semesters by the total number of required credits of all the Semesters as per curriculum.

$$\text{CGPA} = \frac{\text{Total CPts of Semester- S1} + 2 + 3 + 4 \dots}{\text{Total Credits of Semester- S1} + 2 + 3 + 4..}$$

OR

$$\frac{[\text{SGPA of I Semester} \times \text{Total Credits of I Sem}] + [\text{SGPA of II Semester} \times \text{Total Credits of II Sem}] + [\text{SGPA of III Semester} \times \text{Total Credits of III Sem}] + [\text{SGPA of IV Semester} \times \text{Total Credits of IV Sem}]}{[\text{Total Credits of I Semester} + \text{Total credits of II Semester} + \text{Total credits of III Semester} + \text{Total credits of IV Semester}]}$$

This formula shall be printed on the Grade Card issued to the student with a note that it could be used to convert the grades into mark-percentages. (The details of the grading system as indicated above shall also be printed on the Grade Card).

Conversion of CGPA to percentage

$$\text{Equivalent Percentage} = (\text{CGPA obtained}) \times 100$$

Maximum CGPA (=10)

4.9 Assessment and Evaluation

The evaluation of students comprises of continual evaluation at the Institution level and comprehensive evaluation by University.

4.9.1 Continual Evaluation

Continual Evaluation or internal assessment shall be conducted throughout the semester. It shall be based on internal examinations and various components as decided by the Faculty Member who is handling the course. The following components are suggested for continual evaluation. However, the Faculty Members are free to include any appropriate component with prior permission from Head of the Department / Principal.

Components of Continual Evaluation

Internal Examinations Written Examinations – Open Book Exams Question & Answer Sessions – Online Exams – Spot Tests	Individual Assignments – Problem Solving Group Assignments Class Seminars Case Study / Caselet Analysis and Presentation
Role Plays – Management Games – Story Telling	Software Exercises – Soft Assignments
Internal Viva-voce – Quizzes – Group Discussions – Interview with Industry Experts	Book Reviews – Article / Research Paper Reviews
Field Visits – Industrial Visits – Study Tour – Observation Study (with brief Reports)	News Paper Reading

Continual evaluation shall be completed in a transparent and justifiable manner. The purpose of continual evaluation is to facilitate the learner / participant to achieve learning outcomes. Faculty Members in all affiliated colleges are required to conduct internal assessment strictly in compliance with University prescribed criteria. In case of underperformance by the candidates in any components due to various reasons, remedial measures shall be taken by the Faculty Member so that the student will get transformed by the time of award of continual assessment marks. Head of the Department / Principal of the Institution should ensure that no candidate is getting intimidated during continual evaluation in all semesters. Any complaint / grievance by the students pertaining to internal assessment shall be submitted to the Grievance Committee in the college and appropriate measures shall be taken by the Principal for resolving the grievance. Faculty Members also can complain against the disobedience / mistrust / negative attitude etc. from the student's side to the Head of the Department / Academic Head. All processes in this regard shall be completed before the publication of internal assessment marks.

The Faculty Members, at the end of the semester, shall submit the continual evaluation marks in the prescribed format to the Head of the Department / Academic Head for verification and corrections, if any. The HOD shall forward the continual evaluation marks to the Principal / Director for publication. 4.9.2 Reappearance and improvement Examinations

Candidates in the 1st and 2nd semesters, who have secured the SGPA letter grade of 'C' or 'P' in the end-semester examination can improve their grade by reappearing for all the semester courses together along with the next immediate batch provided the candidate has applied for the same and paid the required fee; in such cases a candidate will be awarded a new grade only if there is an improvement in grade in the new examination; otherwise, the candidate is eligible to retain the grade obtained in the previous examination before improvement.

Candidates in the 1st or 2nd semesters who have secured a letter grade of 'P', 'F' or 'Ab' in any of the courses can reappear for exams course-wise along with the next immediate batch provided the candidate has applied for the same and paid the required fee. Candidates in the 3rd semester,

who have secured the SGPA letter grade of 'C' or 'P' in the end-semester examination can improve their grade by reappearing for all the semester courses together, along with the next immediate batch provided the candidate has applied for the same and paid the required fee; in such cases a candidate will be awarded a new grade only if there is an improvement in grade in the new examination; otherwise, the candidate is eligible to retain the grade obtained in the previous examination before improvement.

Candidates in the 3rd semester who has obtained letter grade of 'P', 'F' or 'Ab' in any of the courses can reappear for exams course-wise in a supplementary examination along with the 4th semester examinations provided the candidate has applied for the same and paid the required fee. After completing a semester programme (all courses with 'P' or above grade) students will not have the facility of course-wise improvement and they will have to reappear for all the courses constituting the entire semester. 1st and 2nd semester SGPA cannot be improved after the completion of the 4th semester. Only 3rd and 4th semester SGPA can be improved after the completion of a programme. The marks/grades awarded for internal assessment and that for the project/dissertation cannot be improved. Improvement of the 3rd or 4th semester must be done within a period of one year, that is, by reappearing for the third semester examinations at the following semester and the fourth semester examinations along with the immediate lower batch. If the improvement is meant to obtain minimum CGPA requirement, a candidate has the option to decide which semester (3rd or 4th) is to be improved; however, the grade given to the candidate shall be that obtained for the entire semester improvement examination.

Candidates who could secure the grade of only 'F' or 'Ab' in a course in the 3rd or 4th semester examinations will be given two additional chances for course-wise reappearance even after the completion of the programme; but it has to be done within a period of two years after the completion. In such cases a candidate has to apply for the same as a supplementary exam and pay the required fee (Fee for supplementary examination of any course shall be full semester examination fee irrespective of number of courses involved). In the case of students who discontinued studies during a semester or on completion of a semester of the programme for genuine reasons, with the prior permission of the director of the School, he/she can be permitted to complete the programme by taking the required number of courses within a maximum period of eight continuous semesters including the period of his/her programme, provided an amount equivalent to the semester fees for all the intervening semesters have been regularly paid and provided he/she has not been removed from the rolls by issuing a Transfer Certificate. In all cases of discontinuation and readmissions, candidates must submit applications countersigned by the HOD to the CSS section and obtain the required statutory order for the same. Candidates who are readmitted to repeat a course must follow the then existing syllabus for the said programme and will have no assurance to do the repeat course in the same syllabus which he/she had attempted initially for the course. They need to attend classes along with new batch of students and should obtain the required percentage of attendance as usual.

4.9.3 Semester Promotion

Candidates for the MBA Degree shall be eligible to undergo the courses of study in the next semester and appear for the examination of that semester, irrespective of the results of the examinations of the previous semester provided they have completed all the requirements of attendance, payment of all fees due to the University and Institution and registration for the examinations in the earlier semesters.

MB83 03/0407	GLOBAL OPERATIONS & LOGISTICS MANAGEMENT	S4 Working	Working	S4 Elective
Course Objective				
1.	Have a very good understanding of the terminologies, concepts and tools needed to analyse global operations			
2.	Be able to analyze the risks associated with operations and logistics in global context and effectively manage it.			
3.	Be able to objectively measure and evaluate the performance of global logistics and develop effective structure to achieve excellence in global operations.			
Module No.	Title & Contents	No. of Sessions LT (Indicative)		
1.	INTRODUCTION TO GLOBAL OPERATIONS 1.1 Global Operations & Logistics Evolution and design. 1.2 Forces of globalization, integrative approach to managing flows in Global operations. 1.3 Globalization of Operations Strategies – Introduction, Global operation strategies, a conceptual framework-four driving forces of globalization process. 1.4 Global markets, Technological forces, Global cost forces, Political and macroeconomic forces, current and future challenges. 1.5 Global Marketing strategies- Geographical Integration- Global versus Local market.	3+ 2		
2.	GLOBAL OPERATIONS DESIGN 2.1 Supplier Network Development- Evolving concept of Outsourcing. 2.2 Architecture of a physical distribution Network in a global operations approach. Logistics Service firms and 3PL, Global operations Strategy – Basic concepts, Difference between International Operations management and International operations strategy. 2.3 Logistics Service firms and 3PL, Global operations Strategy – Basic concepts, Difference between International Operations management and International operations strategy. 2.4 Basic principles of Global operations Strategy- Integration, Coordination, trade off and focus, Globalization of Operations of a firm. 2.5 Globalization of manufacturing: Model Factory Concept, manufacturing in multiple locations	4 + 2		
3.	RISK MANAGEMENT 3.1 Concept of Operating Exposure. 3.2 Pricing Strategies for Exporting Firms. 3.3 Exchange rate uncertainty.	4 + 2		

4.	INFORMATION MANAGEMENT FOR GLOBAL LOGISTICS 4.1 Information Management for global operations – Characteristics of Logistics information and Telecommunication system(LITS) 4.2 Logistics organization and its relationship to LITS.	2 + 1
5.	PERFORMANCE 5.1 Measuring performance in functional and sectoral integration, Organization structure for Global Logistics Excellence. 5.2 New organizations related to manufacturing and logistics Operations, sectoral logistics cooperation, International factors in Global organizations.	4+2

Suggested Readings:

1. Global Operations Texts and Cases – Phillippe-Pierre Dornier, Richardo Ernst, Michel Fender, John Wiley and Sons(p) ltd.
2. Managing Global Operations – Cultural and Technical success factors, Scott T Young, and Winter Nie. Quorum books UK.
3. Global Operations Strategy, Fundamentals and Practice, Yeming Gong, Springer

LEARNING OUTCOMES	
1.	Ability to analyze the risks associated with operations and logistics
2.	Ability to measure and evaluate the performance of global logistics
